About AARAMBH -2022:

MCA and MBA Dept. of JSCOE every year jointly organizes an Induction Program (“AARAMBH”) for newly admitted Candidates of the respective department at the starting of their academic year. The main idea behind organizing such Induction program is to motivate the students to start their higher studies with innovative ideas and inspirations and make them energize for their further studies and other activities.

In this Induction Program (“AARAMBH-2022”) the caption was decided “Campus to Corporate”. The theme behind this caption was, as the policies and process of recruitment was changed after covid-19 pandemic. Through this Induction Program we were plan to provide the detail information, knowledge about recruitment policies required by corporate sector. Also to prepare bridge between Campus to Corporate for the student who have newly admitted in current academic year.

Objectives:

- ❖ To make aware students about campus to corporate life
- ❖ To make them capable to set good career goals

Program Activities :

- The Program Started with the preying the god of knowledge i.e “SARASWATI POOJAN” and the Lightening of Diyas “DIP PRAJWALAN”.
- Then Hon Principal sir felicitated the guest of Honor Dr. Sagar Jambholkar sir with a bouquet and a Trophy as a Token of Appreciation. MBA Dept HOD Dr. Hake sir felicitated the Inc. principal sir Dr. A. B. Gawand sir, then MCA dept HOD Prof. Swayam Shah felicitated the TPO of the JSCOE campus Prof. Kangutkar sir.
- At beginning, Principal sir has introduced about the JSPM and the courses and branches run by the Institution. Then he welcomes all first year students to the JSPM group and wishes best luck for their future life.
- Then JSPM TPO Prof. Kangutkar Sir guided students about the Training and Placement cell of the institution, Training and Placement strategies of the Institute, how students should prepare themselves for the campus drives and all.

Then Hon. chief guest of the event Dr. Sagar Jambholkar sir has come on the dice. He started to share his life experiences with the students. He shared success stories for students that how to become a successful person. In his speech Dr. Jambholkar sir has told the CCC Mantras of success. **“Communication + Confidence + Character = Success”**.

He said what inside us that makes us great human being as well as successful person in life. whatever good things you do in your life try to give your 100% efforts for these things. His speech was full of inspiration and really motivated students about their future life. The key points of the Sagar sir’s session was Confidence as a key to success, Don’t chase others chase ourselves, accept challenges, character is very important, understand the responsibilities of characters, we should incorporate listening skills and humbleness within us.

- Then Miss Preeti Sakhare come on the dice she also shared some inspirational thoughts with the students. In her speech, she has told that “What we Learn from activities is more important than actual activity, students should be a part of all activities of the Institution, again she focused on what career we makes is more important, her speech mainly focused on gaining the value added things which is very important for students”.

Overall 200 students from MCA and MBA department has attended the Aarambh-2022 Induction Program

- ❖ How it is effective in business intelligence?
- ❖ Application areas of Tableau.

Mode of Conduct:

- PPT Presentation, Lecture, Personal Interaction with the students

About Seminar:

This is a One day seminar organized by MCA department of JSPM's Jayawantrao Sawant College of Engineering Hadapsar, Pune. This was really an Interactive and fruitful session for the students of MCA I and MCA II year as well.

What is Tableau?

Tableau is a powerful and fastest growing data visualization tool used in the Business Intelligence Industry. It helps in simplifying raw data in a very easily understandable format. Tableau helps create the data that can be understood by professionals at any level in an organization. It also allows non-technical users to create customized dashboards.

Data analysis is very fast with Tableau tool and the visualizations created are in the form of dashboards and worksheets.

The great thing about Tableau software is that it doesn't require any technical or any kind of programming skills to operate. The tool has garnered interest among the people from all sectors such as business, researchers, different industries, etc.

Tableau connects and extracts the data stored in various places. It can pull data from any platform imaginable. A simple database such as an excel, pdf, to a complex database like Oracle, a database in the cloud such as Amazon webs services, Microsoft Azure SQL database, Google Cloud SQL and various other data sources can be extracted by Tableau.

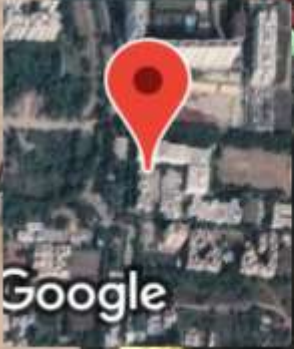

When Tableau is launched, ready data connectors are available which allows you to connect to any database. Depending on the version of Tableau that you have purchased the number of data connectors supported by Tableau will vary.

About “ Infiniti Infosystems” & “PAMM Environmental Solution”

Team Infiniti comprises of individuals who have had extensive exposure and invaluable experience, while working with the top development firms in India. Having logged in decades of experience between them, they are now ready to provide the clients' at Infiniti outstanding results that have their mark of excellence. While our technical team goes above and beyond mere support activities by enhancing software with real-time hardware integrated solutions which empower businesses. Inculcating the above vision into our operations we have conceived a development team that is, Infiniti. Amalgamating the experience of learned entrepreneurs and the enthusiasm and innovation of young minds has resulted in a highly focused & energetic environment that gives us the twin advantage of – Depth in Solution Conception Flexibility in project execution.

PAMM Environmental Solutions Private Limited was started with an objective to provide comprehensive products and services in the field of MEP specializing in “Water & Waste Water

Treatment”, “Renewable Energies”, and “Energy Saving Solutions” in order to provide a sustainable solution for future generations.

Water & Waste Water Treatment forms the core of the activities undertaken by the company. The scope of work is inclusive of complete services right from the conceptual stage to detail designing and engineering, execution, erection and commissioning of the water & waste water treatment projects. Within a small period after inception, the organization has grown with the above objective in mind and that is why it has a long list of satisfied clients extending to all parts of the country and many parts of the world. PAMM is preferred OEM suppliers of such equipment to reputed turnkey suppliers as well as end users of water & waste water treatment plants.

The registered office of the company is in PUNE with various other offices spread in the country.

Preplacement Talk:

The process of recruitment starts with a PPT where the Infiniti Infosystems and PAMM Environmental Solution Company HR's had talk about the company, salary offered, career growth and opportunities. After this was Question & Answer round where the students had cleared their doubts about the recruitment process or the company.
