## SUMMARY OF ACTIVITY

This awareness program for IEEE Student membership was organized on 14<sup>th</sup> August 2024 at 10.00 onwards for SE and TE electrical Students. This membership helps to provide a social, technical, and professional community to the Electrical and electronic student body. This will help our Electrical community to gain knowledge, skills and networks that will help them through their academic and professional careers.

Dr. Manjare madam guided students, regarding what are different benefits of this membership, its opportunities, facilities provided and how to register for IEEE membership. Dr. Priya Gokhale madam explained the benefits of Women in Engineering (WIE) affinity group membership. This membership is free with IEEE student membership. She appealed students to take benefits of IEEE and WIE activities.

The session was very informative and helpful for students and it is nice to see that students were eager to register after the session.
