Alumni - students Meet (Dept. of E&TC)
On

“Future of E&TC after Covid-19 Crisis”

Electronics and Telecommunication Department, JSCOE has organized Alumni Meet on “**Future of E&TC after Covid-19 Crisis**” on **2nd May 2020**. The session started around **7:00 PM- 9:00 PM** on Zoom Meeting . The Meet was attended by 6 alumni and total 80 participants where present.

Agenda of meet was:

- 1. Future of E&TC after Covid 19 crisis.**
- 2. Demand of Coding skills after Covid-19**
- 3. Importance good new technology in E&TC to combat these challenges.**

The session commenced with a brief introduction of the invitees was done by **Prof D.G.Ingale** followed by **Dr. C.A.Manjare, H.O.D [E&TC]**, she gave a briefing on E&TC department activities and Placement of the Department. **Dr.Rajendra Kanphade, Principal, JSCOE** also highlighted activities in the institute and also appreciate the efforts being done by the Alumni for the development of our society and justifying the years spent by them at this esteemed institution.

The following alumni interactions were done for the improvement of education, quality & growth of the department.

1. **Anant Shinde : PhD Nanyang Tech** Singapore and currently working as **Post doc fellow Boston, USA** discussed how to file a patent , research work and hand wash detection.
2. **Tapan Savalia: EMI/EMC for Automotive**, Industrial, Defense and Aerospace Working at Complus Systems Pvt. Ltd discussed about the demands of **electric vehicle**, how life after Covid will adapt to work from home and emphasizes on different languages like **PHP, JAVA, Python, machine learning and Electromagnetics immunity**.
3. **Vishal Kamathe: QA Tech Lead**, Whirlpool Asia LLP discussed on how to develop communication skills and gave an information about **Duolingo app**. He suggested **guru99** website to learn basics languages like **C,C++,JAVA**. He motivated the students instead of recession, demands for technical strong people will always be there.

4. **Kuldee Tekale** : Sr. Technical support Engineer, Tata Communications discussed about GTL leading Infrastructure Services company focused on telecom. In the telecom segment the company provides Network Services to **Telecom Operators, OEM's and Tower Companies**. In this E&TC students are having high demand.
5. **Praveen Nagre**: Senior Lead - Information Security, Collabera technology Pvt Ltd. discussed how to develop technical as well as communication skills. Students should focus on **ethical hacking** and not to **bunk** the classes in college life.
6. **Swapnil Sonawani**: Branding Executive in **VIVO CAMERA & MUSIC** at Bangalore discussed about **Automation, Embedded system & SWOT Analysis**. He also discussed about the project selection and online courses.

Each alumnus shared a glimpse of his journey from graduation day till the meeting of their goals in life. The alumni emphasized the importance of certifications that assisted them in their journey after graduation into the industry. They also suggested everyone should develop a reading habit & watching English movies which helps in keeping up-to-date with the business world and improve the communication skills.

They also informed about the courses in demands like networking, **Python, JAVA, Machine learning, PHP and opportunities in Automation**.

The alumni also shared their experiences in their college days and their journey from student to the present. The primary motive of the session was to give Final Year students an opportunity to interact with their seniors who have entered the world of work and get their views on the challenges they would face when they graduate and how they should prepare themselves.

In the **Question Answer** session the students posed queries related to career opportunities, higher studies, placement preparation and Certification Courses to be joined. Students also inquired about the Machine learning languages and demand of Python languages .Most of the student ask how to file a patent of their work .Students also came up front with the demand of networking technology in industries . The alumni gave several valuable tips and pieces of advice to the students.

The session concluded by vote of thanks by Alumni Coordinator **Prof S.M.Hambarde** and a request to the alumni, to remain connected with the institution. The Alumni were more than happy to help and associate with the College in any way. This interaction will be definitely beneficial to the students in shaping their careers.

We appreciate this idea of Alumni Meet, which creates a special bonding between the students who have passed out & who have established themselves already in the big, outside world.

OUR OBJECTIVE:

- To build a bridge between college life and career life, so as introduce present students to the professional world and to make them proactive to face the challenges that may emerge in their career path.
- To provide job opportunities to fresh bachelors through references of professionals.
- To conduct orientation and training programs to students on various topics to enhance their skills.
- To create awareness among students about the scope of their subject in the professional world.
- To provide a platform for students to develop their qualities.
