Summary:

IT department has organized **Guest Lecture on "Recent Trends, Technologies and Opportunities in Information Technology"** for the students of SE IT on 29th April 2023.

OBJECTIVES OF THE WEBINAR:

- The Purpose of the session is to understand the fundamentals of **emerging trends technologies and opportunities in IT** for innovative problems in engineering.
- To Bridge the gap between Academic and Industrial Practice regarding Customer review-based problem identification and solutions as well as numbers of ideas for identification and solve the problems in Day to Day life.
- To observe domain and gather the information about it.

EXPERT SPEAKERS:

Mr.Abhijit Mohanta,

System Engineer in TCS

PARTICIPANT DETAILS:

Total Number of Students: 62

SESSION DETAILS:

- Mr.Abhijit Mohanta started the lecture with various emerging technology in IT industries.
- He made the students to understand about Transformation of analog world to digital world. Students were encouraged to identify their area of interest like Big Data, Cloud Computing, Network Security etc. and focus on those technologies to get the job in various sectors.
- Throughout this lecture, students gained a better understanding of trends in technologies and opportunities for future career growth.
- They also gained the knowledge of different techniques and models applied for developing new application or products.
