Director, STPI Maharashtra,
Software Technology Parks of India, Plot No.P-1, Phase-I, Rajiv Gandhi Infotech Park,
MIDC, Hinjawadi, Pune-411 057.

SUBJECT: SEEK YOUR PERMISSION AS A PART OF AN ACADEMICS INDUSTRIAL VISIT AT STPI, MIDC, HINJAWADI, PUNE-411 057.

Respected Sir,

On behalf of JSPM's Jayawantrao Sawant College of Engineering, Survey No. 58, Indrayani Nagar, Handewadi Road, Hadapsar, Pune, Maharashtra 411028.

We wish to request permission to conduct an industrial visit at STPI Rajiv Gandhi Infotech Park, MIDC, Hinjawadi, Pune-411 057.

Our **COMPUTER ENGG. / IT/ MECH / ELECTRICAL / E&TC** Department of Engineering provides quality Engineering education to acquire practical knowledge in Engineering and Technology in the various specialized Domains as per the University curriculum. We wish to undertake an industrial visit to STPI Pune. **The proposed dates are in the Month(Third Week, Feb-2023 at 11:00 AM)** with Two groups of Students(60-70 Approximates) along with Faculty Members in this industrial visit.

Please permit us to visit the esteemed STPI, and kindly inform us of any other Official Guidelines/Requirements to be followed during the visit.

With Warm Regards,

CT
Prof. ~~S~~ K Hiremath,
Dean(R & D)

INDUSTRIAL VISITS

Software Technology Parks of India,

(Autonomous society under Ministry of Electronics and Information Technology, Govt. of India)

Plot No.P-1, Phase-1, Rajiv Gandhi Infotech Park, MIDC, Hinjawadi, Pune-411 057

REPORT A.Y. -2022-23

Department of Information Technology

Introduction:

The Software Technology Parks of India (STPI): An autonomous society under the Ministry of Electronics and Information Technology, Govt. of India has been set up with a distinct focus to boost up Software export from the country. The STPI-Pune has been instrumental in promoting IT exports from Maharashtra since its inception in 1990. Apart from Pune, STPI centers are operational at Aurangabad, Kolhapur, Nagpur, Nasik, and Mumbai in Maharashtra & Panaji in Goa. Over the years, STPI-Pune has played a very important role to promote the region as a preferred IT destination and act as a single window agency for the IT/ITeS industry by putting new milestones in IT exports of the state.

Objectives:

- The Objective of the industrial visit is to provide students an insight into the internal working of the STPI Companies and others.
- The theoretical knowledge for making a good professional career and going beyond academics, industrial visit provides the student a practical perspective on the world of work.
- To get motivated students and learn from the Industry's experiences with the increased frequency of innovation has transformed the industrial landscape, equipping it with modifications and improvements at a faster rate.
- This sort of Visits training provides students with more on-the-job observation and exposure to current trends, applications of their learning, and other benefits.

Date and Time:

* 16th, Feb 2023

* 11:00-3:15 PM

Attendance:

Total Students	Information Technology Student attended
64	27

Total Faculties	Information Technology Faculties attended
06	02

Agenda:

The Main Agenda of the industrial visit is to provide exposure to students to the practical working environment. They also provide students with a good opportunity to gain full awareness of industrial practices. Through industrial visits, students get awareness about new technologies.

Industrial Overview:

The STPI was established by the Ministry of Electronics and Information Technology (MeitY), Government of India in Jan-2001. The Software Technology Parks of India (STPI), an autonomous society under the Ministry of Electronics and Information Technology, Govt. of India has been set up with a distinct focus to boost up Software export from the country. STPI Headquarters is located in New Delhi with 61 Centres spread across the country. STPI is constantly working intending to implement the STP/EHTP scheme formulated by Govt. of India and setting up and managing infrastructural facilities.

Program Coordinators:-

1. Prof.A.K.Gupta

Lecture and Demonstration by the Officer in charge of the STPI Data Center:-

The students also had a chance to interact with scientists in understanding the concepts in Data Centers promoting the IT/ITES Industry, innovation, R&D, start-ups, product/IP creation in the field of emerging technologies like Software Process Automation (RPA), ISP, Augmented & Virtual Reality, Security, Industry 4.0, Wireless Networking, Satellite Antennas, Data Center, etc. The visit then proceeded toward the Data Center, and Prototype Design Products where students and Faculties understood the latest

developments in the STPI. The whole process was explained very well by the scientists. In the last part of the visit, the students were shown the working of the Data Center and Satellite Dish Antenna from the Top Floor.

Outcomes:-

The students thoroughly enjoyed interacting with the scientists in the rapid developments in Data Centers. The visit was impactful as STPI provided a perspective of what the industry is doing and helped students to align and understand the gap between industry and academia and work towards bridging differences to enhance their knowledge and learning in the following Areas. The students also had a chance to interact with scientists in understanding the concepts in Data Centers promoting the IT/ITES Industry, innovation, R&D, start-ups, product/IP creation in the field of emerging technologies like Software Process Automation (RPA), ISP, Augmented & Virtual Reality, Security, Industry 4.0, Wireless Networking, Satellite Antennas, Data Center, etc.
