About the Activity:

Teachers' Day is celebrated on September 5th, commemorating the birth anniversary of Dr. Sarvepalli Radhakrishnan, a renowned philosopher, scholar, and the second President of India. When Dr. Radhakrishnan became President in 1962, his students and friends asked him if they could celebrate his birthday. In response, he suggested that instead of celebrating his birthday, it would be more meaningful to celebrate Teachers' Day on that day to honor the teaching profession and the immense contribution of teachers to society. Since then, September 5th has been observed as a day to recognize and appreciate the dedication of teachers across the country.

Teachers' Day is celebrated to honor and recognize the significant contributions of teachers in shaping individuals and society. Teachers play a vital role in imparting knowledge, fostering critical thinking, and nurturing the overall development of students. By dedicating a day to them, society expresses gratitude for their hard work, dedication, and commitment to guiding future generations.

The celebration also serves to highlight the pivotal role teachers play not only in academic education but also in character building, moral guidance, and inspiring students to pursue their goals. It fosters respect and appreciation for the teaching profession, while also reflecting on the continuous need for improving the quality of education and supporting educators in their professional journey. In many countries, Teachers' Day also commemorates the birth or memory of a renowned educator, emphasizing the lasting legacy of influential teachers.

Objectives of Program:

The objectives of Teachers' Day are to:

1. Recognize the role of teachers

Teachers' Day is a day to acknowledge the vital role teachers play in the development of students and society. Teachers are seen as guides who impart knowledge and shape character and values.

2. Express gratitude

Teachers' Day is a day for students to express their gratitude and appreciation for their teachers' hard work and dedication.

3. Celebrate the relationship between teachers and students

Teachers' Day is a day to celebrate the relationship between teachers and students.

4. Highlight the importance of education

Teachers' Day highlights the importance of education in personal and societal development.

5. Emphasize lifelong learning

Teachers' Day emphasizes the significance of lifelong learning.

6. Acknowledge the challenges teachers face

Teachers' Day is a day to acknowledge the challenges, hardships, and special roles that teachers play in our lives.

Flow of Program:

All MCA, MBA HODs, Teaching Faculties and Non-Teaching staff was present for the program. The program was organized by the MCA II Year Students. Faculties are pleased to see the decoration and sequence of activities and the activities specially organized for them. On an average 25 students from the MCA & MBA were present for the program.

- The Program starts by lightening the lamps and “Pratima Pujan” of Dr. Sarvepalli Radhakrishnan. By respective MCA and MBA HODs.
- Students take the responsibility of anchoring. After that Faculty felicitation was there. All the faculties from MCA and MBA department were felicitated by the students.
- After that Cake cutting was there on the occasion of Teachers Day.
- HODs and some of the faculties gave a speech on the occasion of Teacher’s Day.
- Some students also expressed their feelings about their teachers on the occasion of Teachers Day.

Speech by MCA HOD, Prof. Swayam Shah Sir :

MCA Department HOD , Prof. Swayam Shah sir given a speech on the occasion of Teacher's Day. In his speech he told the reason behind celebrating the Teachers Day. He said "Teachers' Day is celebrated on September 5th, as the birth anniversary of Dr. Sarvepalli Radhakrishnan, a renowned philosopher, scholar, and the second President of India. When Dr. Radhakrishnan became President in 1962, his students and friends asked him if they could celebrate his birthday. In response, he suggested that instead of celebrating his birthday, it would be more meaningful to celebrate Teachers' Day on that day to honor the teaching profession and the immense contribution of teachers to society. Since then, September 5th has been observed as a day to recognize and appreciate the dedication of teachers across the country.

He said thanks to all MCA students for organizing such a beautiful program for all teaching staff. Though this day is celebrated as Teacher's Day every year, this year, I would like to dedicate this entire day and the celebrations to our dear students. Through this platform, I would like to thank my students for giving me so much respect and consideration in how a child would care for his parents. Further he said "My dear student, I appreciate the wonderful surprise! Your kindness and generosity have filled my heart with joy and gratitude". I hope you continue to be blessed, joyful, and amazing.

Speech by Prof. Swapna Gadhave:

In her speech she said, " Very good morning and a warm welcome to all my beloved teachers and Students! Today, we are gathered here to celebrate Teacher's Day. The 5th of September is the birthday of Dr Sarvepalli Radhakrishnan, one of the greatest teachers of India. He was the first Vice President of India and an eminent scholar. Teachers are the makers of a great nation. Hence, teachers are always kept in the highest position. They guide us in our lives to become the best person. Our Maths teacher not only teaches us simple or difficult problems but gives us the confidence to face problems in our lives. Our English and regional language teachers not only teach us beautiful stories and poetry but also help us to learn to communicate and appreciate the great works of literature. Our science teachers teach us not only

interesting science experiments but also show us the beauty of nature and how it works when applied. Every teacher teaches us discipline, helps to develop principal and helps us to know ourselves.

We spend most of our life with all these teachers, and we are grateful to them for giving us the knowledge to secure our futures and happiness. Today, we celebrate teachers day to honour the difficulties faced by our teachers every day to teach us and make us capable. It is my honour to give this speech in front of my beloved teachers. It gives me immense joy to express my classmates' and my gratitude towards our teachers. Thank you very much for all your love, kindness and knowledge”.

Speech by Prof. Satish Kulkarni:

In his speech he said, “Good morning to my respected teachers and my Colleagues and also my Students! Today we have gathered to celebrate the birthday of Dr Sarvepalli Radhakrishnan, one of the eminent teachers and scholars of India. He was one of the greatest statesmen and philosophers. Despite being from a poor brahmin family, his thirst for knowledge never reduced. He was elected as the second President of India. The great philosopher's birthday is regarded as Teachers day. This day is special for every teacher and student. On this day, we students show our gratitude towards our teachers. Even during this pandemic, our teacher has never stopped teaching us. Even if they are suffering from a deadly pandemic, they have taught us through various virtual platforms.

We are grateful to our teachers for giving us love. Despite facing problems, they have given us the strength to fight against this deadly pandemic. Even though we are still trapped in our houses and missing our friends and the warmth of our classrooms, still through the virtual platform, seeing our teacher’s smile makes our day. It is a great honour for me to give this speech and express my gratitude and respect towards my teachers on this auspicious day. We will always be your students, no matter how big we become. Thank you, teachers, for always staying with us.
