## Process of Faculty Feedback

1. Feedback on faculty performance is taken twice in a semester. Set of questionnaire related to faculty performance in Teaching and learning process is uploaded on moodle.
2. Once feedback is given by the students, the analysis of feedback is completed and accordingly action is taken.
3. If feedback is less than 80% then corrective actions are taken. The corrective action includes counselling session by HOD and after fortnight feedback is again taken verbally.
- 4 Else Appreciation letter is given to the faculty

Nothing everything is perfect 👍

All are good but sometime the burdon of assignment and test is really very high so plz take care of it....

Soft skills lectures should be conducted regularly

It was very nice

More use of centric methods.

Should have more practicles and tech every student personally while practicles because coding is not so easy to understand.

It was nice experience

- 1)Tools should be used at time of teaching
- 2)all syllabus should be taught in the class
