AY 2017-18

Personal Mentoring and counseling

1. Goal-To provide personal, academic and career support to the students.

2. Context- Due to changing technological and social scenario, students are finding difficulties

to cope up with demands and pressures of daily life.IT is necessary to provide them timely help

and support to improve their performance and skills in all aspects of life.

3. The Practice -

The Institute has a strong mentoring scheme for the students. It mentors them in their personal,

professional and also in their social development. The goal of mentoring is to help them maximize their potential, develop their skills and to inculcate values. Each faculty acts as a mentor/GFM (Guardian Faculty Member). He/ She is allocated a batch of 15-20 students in an academic year. The Mentor keeps all the records of the allocated students to know their academic and socio-economical background He also maintains record of their overall progress in curricular and co-curricular activities. The students interact with the faculty at least once in a week. In case of a medical problem or absentee, the student communicates with his/her mentor. The Faculty even monitors their daily attendance and if it is found that they are frequently absent, the reason is found out and proper counseling is provided to ensure academic progress. The progress and observations are conveyed regularly to the parents through telephonic conversion, SMS, email and personal meeting in order to resolve issues if any.

The purpose of the weekly meeting is to develop cordial relation and to build trust within the students. The faculty takes review of academic progress of all mentees and discusses issues related to it during the

GFM meetings.

As faculty is involved personally to help the students on all fronts, these meetings are proving very beneficial to the students. The major role of the faculty is to encourage the students to attend the classes regularly and stay focused to achieve their academic goals as well as to participate in sports and cultural events to develop an all-round personality.

The Institute has also appointed a professional counselor to address the personal, psychological, social, emotional and other problems of the students.

Academic counseling:

Class coordinators and GFM are involved in academic counseling as many students need guidance in a specific area related to their studies. Academic counseling helps them to decide learning strategy and deal with it effectively. Academic counseling is provided to slow learners so that they can cope up with academic challenges and the university examination. The Mentor (GFM) plays an important role to boost their confidence and consistently motivates them to achieve their academic goals.

Advanced learners are encouraged to participate in technical competition, paper presentation and to also enroll for online certification courses available on MOOC, MOODLE and various renowned institutes to enhance their domain skill based on their interest. The expert talk of academic counselors is arranged to assist the students to develop an academic strategy consistent with their goals, interests and abilities. It also involves making the students aware regarding the academic policies, procedures and requirements.

Career counseling:

Career counseling is provided by HOD, a few senior faculties and the TPC which includes:

- To make them aware about the various career options with respect to strength and weakness.
- To assess their skills, needs, and interests in order to find a career
- To help the students explore opportunities in multidisciplinary fields.
- To update them about the various TP activities within and outside the campus.

The Institute has also appointed a professional counselor to address the personal, psychological, social, emotional and other problems of the students. The impact of the overall mentoring is observed in many ways. Students feel confident to share their problems without hesitation. Many students improved academically and their engagement in curricular and extra co-curricular activities was enhanced noticeably. Apart from these changes, there has been quality improvement in the campus placement during the last two years.

4. Evidence of Success

- Type of Mentoring Effectiveness
- Personal High self-esteem, , attendance improvement
- Course specific exam anxiety reduced
- Academic Drop out ratio decreased, grade improvement
- Career Higher studies and placement is improved

RPG Foundation Employability Skill Development Program (formerly Zensar ESD program)

AY – 2017-18

Overview

RPG Foundation is currently running this program and it is renamed now as RPG Foundation Employability Skill Development Program. *It is Free of Cost training to the students.*

Zensar Technologies and RPGFoundation today announced the launch of the first ever Employability Skills Development (ESD) Program for training of fresh graduates towards better readiness for the IT industry, at no cost to the student.

Dr Ganesh Natarajan, Vice Chairman and CEO, Zensar Technologies Ltd and Trustee of the RPGFoundation at the occasion said, "I am pleased to announce the Employability Skills Development (ESD) Programme which aims to address a pertinent concern of the Industry and fresh engineering graduates today. Each year more than 80% of the jobs available for fresh engineers are created by the IT industry. Only 20% of those are fulfilled by engineering graduates who have industry ready talent, because the rest severely lack the skills required for the jobs that are available to them. Zensar's Employability Skills Development (ESD) Program is an initiative to address this talent deficit in our state and we are hopeful that this will be a role model program for the industry. In the first year, we plan to offer the Employability Skills Development program in 30+ colleges across India covering more than 500 students."

Dr. Ganesh Natarajan is also the Chairman of NASSCOM Foundation and leads many industry wide initiatives of change in the society through the Foundation including the recently announced National Digital Literacy Mission.

Pushpall Kapadia, VP and Head of Organisation Excellence Pragramme at Zensar Technologies said, "NASSCOM reports that only a quarter of engineering graduates are employable by the IT/ITES industry, and even those graduates, undergo a rigorous training program of 3-6 months with their employers after they join the companies. NASSCOM data suggests that the IT industry spends close to USD 0.75 Billion annually on training fresh campus graduates." At the launch of the EDC she said, "This Employability Skills Development Program from the RPG Foundation will be conducted at college premises though the Employability Skills Development (ESD) Centre where the program would render Skills Development training for fresh graduates in partnership with the academia and training partners. The focus of the programme will be to enhance technical, functional and soft skills of fresh graduates for effective working in the IT industry. The program has been designed based on decades of experience that Zensar has with global clientele and through a robust training partner ecosystem."

Prof Goraksh Girje Chairman Board of Studies IT at the University of Pune and Principal, PVG college of engineering Pune said, "When students are quizzed on the various technologies today and what makes one better than the other they are quite ready with all the details, but when you ask the same students to design solutions on their own, or talk about the application of the technology only a handful would be able to attempt it with success. The Employability Skills Development Programme promises to address bridging this knowledge gap so our students can make the connect to the industry relevance of all the theory they imbibe at college."

Through this program, Zensar will extensively deploy its training courseware, around real project scenarios that have been developed and practiced in the Industry keeping the training relevant for the students as well as the Industry they are getting ready for.

Zensar organizations will learn the key elements necessary to effectively design and deliver training to students in order to build the capacity of students as evidenced by:

- Increased effectiveness of students
- Increased efficiency students
- Increased awareness of students regarding job.

Delivering Training

Selection for this training is done on screening test held when the students are in Pre-Final Year. Screening test is in form of Aptitude test and shortlisted students are enrolled for the training.
Training is delivered in phased manner in pre-final and final year without hampering the Academics sessions of the students.

Softskills	7 days	Soft skills and Aptitude
		Life skills / Behaviour Skills
		Communication and Presentation skills
Base Technical	20 days	Database Management / SQL
		Java / .NET
		Advanced Java
		Manual Testing
		Automation Testing
Latest Technical	10 days	Artificial Intelligence / Machine Learning
		Python
		IoT
Campus Readiness Training	5 days	soft skills, Aptitude, GD, PI

Zensar provides this training for Skill development and as per their requirement they may recruit students as per their requirements.

Schedule

Zensar ESD batch 2018 Phase I to start, schedule

20th Jan to 22nd Jan (Friday, Saturday & Sunday)
27th Jan to 29th Jan (Friday, Saturday & Sunday)

Request to inform all the Zensar ESD 2018 students that we are starting with Core Java training.

Training dates : 5th June 2017 to 15th June 2017
Training Time : 9am to 6pm
Reporting time : 8.30am
Venue : JSCOE Hadapsar

FACE - Campus Reading Training Program (CRT) Overview

AY 2018-19

CRT training programs are run for the students so that they are trained and prepared for facing the campus drive of different companies.

This training provide all the essential aspects required by students (for successful selection into

top corporates) such as

o Communication enhancement – Business English

o Soft skills brilliance

o Aptitude – English

o Aptitude – Maths

o Aptitude –Reasoning

o Branch Expertise and Excellence (Technical training)

o Resume workshops

o Company Tests

o Group Discussions

o Interviews for successful placements

This training comprises of Aptitude training, Technical training and Company specific training.

Delivering Training

This training is conducted for students who are in Pre-Final Year. Training is delivered in phased manner in pre-final and final year without hampering the Academics sessions of the students.

Aptitude	60 hrs	Soft skills and Aptitude
		Behaviour Skills
		Communication and Presentation skills
Technical Training	60 hrs	Database Management / SQL
		Programming language (C,C++,Python)
		Manual Testing
Company Specific Training	40 - 60 hrs	Training provided with details of round, selection pattern and topics speicfic to the company drive. This is generally done just before the campus drives (5- 8 days in advance of drive)

FACE training program.

Schedule

Phase I – 2nd July 2018 – 20th July 2018

Phase II – 5th August 2018 – 25th August 2018

RPG Foundation Employability Skill Development Program (formerly Zensar ESD program)

AY – 2018-19

Overview

RPG Foundation is currently running this program and it is renamed now as RPG Foundation Employability Skill Development Program. *It is Free of Cost training to the students.*

Zensar Technologies and RPGFoundation today announced the launch of the first ever Employability Skills Development (ESD) Program for training of fresh graduates towards better readiness for the IT industry, at no cost to the student.

Dr Ganesh Natarajan, Vice Chairman and CEO, Zensar Technologies Ltd and Trustee of the RPGFoundation at the occasion said, "I am pleased to announce the Employability Skills Development (ESD) Programme which aims to address a pertinent concern of the Industry and fresh engineering graduates today. Each year more than 80% of the jobs available for fresh engineers are created by the IT industry. Only 20% of those are fulfilled by engineering graduates who have industry ready talent, because the rest severely lack the skills required for the jobs that are available to them. Zensar's Employability Skills Development (ESD) Program is an initiative to address this talent deficit in our state and we are hopeful that this will be a role model program for the industry. In the first year, we plan to offer the Employability Skills Development program in 30+ colleges across India covering more than 500 students."

Dr. Ganesh Natarajan is also the Chairman of NASSCOM Foundation and leads many industry wide initiatives of change in the society through the Foundation including the recently announced National Digital Literacy Mission.

Pushpall Kapadia, VP and Head of Organisation Excellence Pragramme at Zensar Technologies said, "NASSCOM reports that only a quarter of engineering graduates are employable by the IT/ITES industry, and even those graduates, undergo a rigorous training program of 3-6 months with their employers after they join the companies. NASSCOM data suggests that the IT industry spends close to USD 0.75 Billion annually on training fresh campus graduates." At the launch of the EDC she said, "This Employability Skills Development Program from the RPG Foundation will be conducted at college premises though the Employability Skills Development (ESD) Centre where the program would render Skills Development training for fresh graduates in partnership with the academia and training partners. The focus of the programme will be to enhance technical, functional and soft skills of fresh graduates for effective working in the IT industry. The program has been designed based on decades of experience that Zensar has with global clientele and through a robust training partner ecosystem."

Prof Goraksh Girje Chairman Board of Studies IT at the University of Pune and Principal, PVG college of engineering Pune said, "When students are quizzed on the various technologies today and what makes one better than the other they are quite ready with all the details, but when you ask the same students to design solutions on their own, or talk about the application of the technology only a handful would be able to attempt it with success. The Employability Skills Development Programme promises to address bridging this knowledge gap so our students can make the connect to the industry relevance of all the theory they imbibe at college."

Through this program, Zensar will extensively deploy its training courseware, around real project scenarios that have been developed and practiced in the Industry keeping the training relevant for the students as well as the Industry they are getting ready for.

Zensar organizations will learn the key elements necessary to effectively design and deliver training to students in order to build the capacity of students as evidenced by:

- Increased effectiveness of students
- Increased efficiency students
- Increased awareness of students regarding job.

Delivering Training

Selection for this training is done on screening test held when the students are in Pre-Final Year. Screening test is in form of Aptitude test and shortlisted students are enrolled for the training.
Training is delivered in phased manner in pre-final and final year without hampering the Academics sessions of the students.

Softskills	7 days	Soft skills and Aptitude
		Life skills / Behaviour Skills
		Communication and Presentation skills
Base Technical	20 days	Database Management / SQL
		Java / .NET
		Advanced Java
		Manual Testing
		Automation Testing
Latest Technical	10 days	Artificial Intelligence / Machine Learning
		Python
		IoT
Campus Readiness Training	5 days	soft skills, Aptitude, GD, PI

Zensar provides this training for Skill development and as per their requirement they may recruit students as per their requirements.

Schedule

	Session Details	
Topic	**Duration in Days**	**Schedule**

CERTIFICATE OF TRAINING

This is to certify that

Mr/Miss KAKADE ABHIJIT ANANT

Student of *JSPM College of Engineering*

has attended a training provided by **Zensar Technologies** as a part of their **Employability Skill Development Program** between 1st April 2018 to 31st July 2018.

Date 3rd August, 2018

ZenSar Foundation

Zensar Technologies Ltd.

Outcome

- Students are updated with current Technical topics.
- Trained for presentation skills.
- Are groomed to be Industry ready.

Personal Mentoring and counseling

1. Goal-To provide personal, academic and career support to the students.

2. Context- Due to changing technological and social scenario, students are finding difficulties

to cope up with demands and pressures of daily life.IT is necessary to provide them timely help

and support to improve their performance and skills in all aspects of life.

3. The Practice -

The Institute has a strong mentoring scheme for the students. It mentors them in their personal,

professional and also in their social development. The goal of mentoring is to help them maximize their potential, develop their skills and to inculcate values. Each faculty acts as a mentor/GFM (Guardian Faculty Member). He/ She is allocated a batch of 15-20 students in an academic year. The Mentor keeps all the records of the allocated students to know their academic and socio-economical background He also maintains record of their overall progress in curricular and co-curricular activities. The students interact with the faculty at least once in a week. In case of a medical problem or absentee, the student communicates with his/her mentor. The Faculty even monitors their daily attendance and if it is found that they are frequently absent, the reason is found out and proper counseling is provided to ensure academic progress. The progress and observations are conveyed regularly to the parents through telephonic conversion, SMS, email and personal meeting in order to resolve issues if any.

The purpose of the weekly meeting is to develop cordial relation and to build trust within the students. The faculty takes review of academic progress of all mentees and discusses issues related to it during the

GFM meetings.

As faculty is involved personally to help the students on all fronts, these meetings are proving very beneficial to the students. The major role of the faculty is to encourage the students to attend the classes regularly and stay focused to achieve their academic goals as well as to participate in sports and cultural events to develop an all-round personality.

The Institute has also appointed a professional counselor to address the personal, psychological, social, emotional and other problems of the students.

Academic counseling:

Class coordinators and GFM are involved in academic counseling as many students need guidance in a specific area related to their studies. Academic counseling helps them to decide learning strategy and deal with it effectively. Academic counseling is provided to slow learners so that they can cope up with academic challenges and the university examination. The Mentor (GFM) plays an important role to boost their confidence and consistently motivates them to achieve their academic goals.

Advanced learners are encouraged to participate in technical competition, paper presentation and to also enroll for online certification courses available on MOOC, MOODLE and various renowned institutes to enhance their domain skill based on their interest. The expert talk of academic counselors is arranged to assist the students to develop an academic strategy consistent with their goals, interests and abilities. It also involves making the students aware regarding the academic policies, procedures and requirements.

Career counseling:

Career counseling is provided by HOD, a few senior faculties and the TPC which includes:

- To make them aware about the various career options with respect to strength and weakness.
- To assess their skills, needs, and interests in order to find a career
- To help the students explore opportunities in multidisciplinary fields.
- To update them about the various TP activities within and outside the campus.

The Institute has also appointed a professional counselor to address the personal, psychological, social, emotional and other problems of the students. The impact of the overall mentoring is observed in many ways. Students feel confident to share their problems without hesitation. Many students improved academically and their engagement in curricular and extra co-curricular activities was enhanced noticeably. Apart from these changes, there has been quality improvement in the campus placement during the last two years.

4. Evidence of Success

- Type of Mentoring Effectiveness
- Personal High self-esteem, , attendance improvement
- Course specific exam anxiety reduced
- Academic Drop out ratio decreased, grade improvement
- Career Higher studies and placement is improved

Girls Club activity

REPORT ON "UTKARSHA-18"

The department of E&TC Engineering, JSCOE, Pune organized an activity under girls club "UTKRSHA-18" on Monday, 24/09/2018. In this event the participating groups presented their skills useful for day today life communication and placement.

The event was inaugurated by EDC cell coordinator Dr. P. N. Gokhale, Electrical dept. JSCOE, Pune, HOD E&TC Dr. C. A. Manjare, and all department staff.

This event was organized for SE/TE/BE girl's students of the department. Total six groups participated in this event.

The Valedictory function was arranged at the end of program with Finance Director of JSPM group Prof. Bhosale and Campus Director Dr. V. A. Bugade also Mrs. Girija Maske, PSI, Wanwadi police station, Pune was invited as a Chief Guest. The HOD Dr. C. A. Manjare elaborated the objective of this event & took overview about participation and activities in the event.

During the prize distribution ceremony Special activity was schedule that YOGA demonstration by Our First year student Ms. Pooja Talekar .

Prof. Bhosale appreciated to Pooja and her friend and suggested to other girls students to follow Pooja. Also he shared his own experience regarding health. Mrs. Girija Maske also shared her experience how she become as PSI.

The teams of judges are Dr. P. N. Ghokhale, Dr. P. D. Lambate, Prof. Suneeta Phadkule.

The details of the prize winners are as given below:

Sr no	Class	Category of Prize	Names of students
1	S.E. (E&TC)	Group-1	
2		Group-2	
3	T.E. (E&TC)	Best Performance	Shivangi Bhat
4			
5	B.E. (E&TC)	Group-1	
6		Group-2	

The prizes and certificates to the participants. The program was concluded by vote of Thanks by Prof S D Patil.

Outcome

- Students are made ready for Campus Placement.
- Students are made aware and prepared of the company selection pattern.

RPG Foundation Employability Skill Development Program (formerly Zensar ESD program)

AY – 2019-20

Overview

RPG Foundation is currently running this program and it is renamed now as RPG Foundation Employability Skill Development Program. *It is Free of Cost training to the students.*

Zensar Technologies and RPGFoundation today announced the launch of the first ever Employability Skills Development (ESD) Program for training of fresh graduates towards better readiness for the IT industry, at no cost to the student.

Dr Ganesh Natarajan, Vice Chairman and CEO, Zensar Technologies Ltd and Trustee of the RPGFoundation at the occasion said, "I am pleased to announce the Employability Skills Development (ESD) Programme which aims to address a pertinent concern of the Industry and fresh engineering graduates today. Each year more than 80% of the jobs available for fresh engineers are created by the IT industry. Only 20% of those are fulfilled by engineering graduates who have industry ready talent, because the rest severely lack the skills required for the jobs that are available to them. Zensar's Employability Skills Development (ESD) Program is an initiative to address this talent deficit in our state and we are hopeful that this will be a role model program for the industry. In the first year, we plan to offer the Employability Skills Development program in 30+ colleges across India covering more than 500 students."

Dr. Ganesh Natarajan is also the Chairman of NASSCOM Foundation and leads many industry wide initiatives of change in the society through the Foundation including the recently announced National Digital Literacy Mission.

Pushpall Kapadia, VP and Head of Organisation Excellence Pragramme at Zensar Technologies said, "NASSCOM reports that only a quarter of engineering graduates are employable by the IT/ITES industry, and even those graduates, undergo a rigorous training program of 3-6 months with their employers after they join the companies. NASSCOM data suggests that the IT industry spends close to USD 0.75 Billion annually on training fresh campus graduates." At the launch of the EDC she said, "This Employability Skills Development Program from the RPG Foundation will be conducted at college premises though the Employability Skills Development (ESD) Centre where the program would render Skills Development training for fresh graduates in partnership with the academia and training partners. The focus of the programme will be to enhance technical, functional and soft skills of fresh graduates for effective working in the IT industry. The program has been designed based on decades of experience that Zensar has with global clientele and through a robust training partner ecosystem."

Prof Goraksh Girje Chairman Board of Studies IT at the University of Pune and Principal, PVG college of engineering Pune said, "When students are quizzed on the various technologies today and what makes one better than the other they are quite ready with all the details, but when you ask the same students to design solutions on their own, or talk about the application of the technology only a handful would be able to attempt it with success. The Employability Skills Development Programme promises to address bridging this knowledge gap so our students can make the connect to the industry relevance of all the theory they imbibe at college."

Through this program, Zensar will extensively deploy its training courseware, around real project scenarios that have been developed and practiced in the Industry keeping the training relevant for the students as well as the Industry they are getting ready for.

Zensar organizations will learn the key elements necessary to effectively design and deliver training to students in order to build the capacity of students as evidenced by:

- Increased effectiveness of students
- Increased efficiency students
- Increased awareness of students regarding job.

Delivering Training

Selection for this training is done on screening test held when the students are in Pre-Final Year. Screening test is in form of Aptitude test and shortlisted students are enrolled for the training.
Training is delivered in phased manner in pre-final and final year without hampering the Academics sessions of the students.

Softskills	7 days	Soft skills and Aptitude
		Life skills / Behaviour Skills
		Communication and Presentation skills
Base Technical	20 days	Database Management / SQL
		Java / .NET
		Advanced Java
		Manual Testing
		Automation Testing
Latest Technical	10 days	Artificial Intelligence / Machine Learning
		Python
		IoT
Campus Readiness Training	5 days	soft skills, Aptitude, GD, PI

Zensar provides this training for Skill development and as per their requirement they may recruit students as per their requirements.

Schedule

Module 1			Module 2		
Training On	**No of Days**	**Dates from college**	**Training On**	**No of Days**	**Dates from college**
SQL PLSQL	5	23/12/2019 - 27/12/2019	Core Java	10	30,31 dec 2019,2,3,4,6,7,8,9,10 jan 2020
Softskills	3	16/12/2019 - 18/12/2019			
Behavioral/Life Skills	1	28/12/2019	Aptitude	3	19/12/2019 - 21/12/2019

Students list:

S.NO	Full Name	Dept	Batch
1	JAY SHINDE	Electronics and Telecommunication	Batch 1

3	Mayuri Naik	Electronics and Telecommunication	Batch 1
4	Neha Pandey	Electronics and Telecommunication	Batch 1
5	Prajakta Desai	Electronics and Telecommunication	Batch 1
6	Pranali Phule	Electronics and Telecommunication	Batch 1
7	Punam Tengle	Electronics and Telecommunication	Batch 1
8	Rameshwari Shelar	Electronics and Telecommunication	Batch 1
9	Sanika Dewoolkar	Electronics and Telecommunication	Batch 1
10	SHRUTIKA BAHETI	Electronics and Telecommunication	Batch 1
11	Shweta Kamble	Electronics and Telecommunication	Batch 1
12	SURAJ MORE	Electronics and Telecommunication	Batch 1
13	SWAPNIL GOPHANE	Electronics and Telecommunication	Batch 1
14	Usha Ajabe	Electronics and Telecommunication	Batch 1
15	Ashutosh Gulame	Information Technology	Batch 1
16	Farhan Shaikh	Information Technology	Batch 1
17	Kunal Gije	Information Technology	Batch 1
18	Omkar Tikar	Information Technology	Batch 1
19	Sanket Hole	Information Technology	Batch 1
20	Sourabh Shinde	Information Technology	Batch 1
21	Vishwanath Ukale	Information Technology	Batch 1
22	Tanuja Ranawade	Electronics and Telecommunication	Batch 1
23	Shruti Mokashi	Electronics and Telecommunication	Batch 1

24	Pallavi Khuntegave	Electronics and Telecommunication	Batch 1
25	Apurva Ingale	Electronics and Telecommunication	Batch 1
26	Sakshi Ghogare	Electronics and Telecommunication	Batch 1
27	Durgesh Bhope	Electronics and Telecommunication	Batch 1
28	Siddharam Khed	Electronics and Telecommunication	Batch 1
29	Onkar Kumbhar	Electronics and Telecommunication	Batch 1
30	Sayali Borate	Electronics and Telecommunication	Batch 1
31	Sanjana Shelke	Electronics and Telecommunication	Batch 1
32	Aishwarya Phalke	Computer science	Batch 1
33	Swapnil Jori	Computer science	Batch 1
34	Yash Kalwani	Computer science	Batch 1
35	Vinayak Dhage	Computer science	Batch 1
36	SAHIL BAJARE	Computer science	Batch 1
37	Avadhoot Dhere	Computer science	Batch 1
38	Harshal Jaware	Computer science	Batch 1
39	Pranali Patil	Computer science	Batch 1
40	Bhushan Dhimate	Computer science	Batch 1
41	Devendra Ingale	Computer science	Batch 1
42	TRUPTI PADMAWAR	Computer science	Batch 1
43	Nehul Chaudhari	Computer science	Batch 1
44	Dhaval Lakhani	Computer science	Batch 1
45	Suyog Gatkal	Computer science	Batch 1
1	Aditya Sharma	Computer science	Batch 2
2	Amruta Lohar	Computer science	Batch 2
3	Anurag Mahajan	Computer science	Batch 2
4	Asmita Jadhav	Computer science	Batch 2
5	Ayesha Shaikh	Computer science	Batch 2
6	Gaurav Katkar	Computer science	Batch 2
7	Komal Mhaske	Computer science	Batch 2
8	Madhura Khetre	Computer science	Batch 2
9	Manisha Dukare	Computer science	Batch 2
10	Mohammad Qureshi	Computer science	Batch 2
11	Omkar Bhandar	Computer science	Batch 2
12	Prasad Wakchoure	Computer science	Batch 2
13	Rutuja Kurhade	Computer science	Batch 2
14	Saniya Shaikh	Computer science	Batch 2
15	Shruti Gujar	Computer science	Batch 2
16	Shubhada Surgude	Computer science	Batch 2
17	VARAD KIRAD	Computer science	Batch 2
18	Priyanka Kulkarni	Electronics and Telecommunication	Batch 2
19	Akshada Desai	Electronics and Telecommunication	Batch 2

20	Anuja Yadav	Electronics and Telecommunication	Batch 2
21	Pankaj Chavan	Electronics and Telecommunication	Batch 2
22	Priya Nathawat	Electronics and Telecommunication	Batch 2
23	HRITIK ZURANGE	Computer science	Batch 2
24	Laxman Reddy	Computer science	Batch 2
25	Akanksha Tambe	Computer science	Batch 2
26	Namrata Dhamale	Computer science	Batch 2
27	Jay Ajmire	Computer science	Batch 2
28	Manali Dharme	Computer science	Batch 2
29	Yash Patil	Computer science	Batch 2
30	Rohan Jadhav	Electronics and Telecommunication	Batch 2
31	Aditya Deshpande	Electronics and Telecommunication	Batch 2
32	Prathmesh Nilaje	Electronics and Telecommunication	Batch 2
33	ANAGHA SHINDE	Electronics and Telecommunication	Batch 2
34	Shubham Patil	Computer science	Batch 2
35	SANA MULANI	Computer science	Batch 2
36	Sohan Chougule	Computer science	Batch 2
37	Amit Shinde	Computer science	Batch 2
38	Prachi Kadam	Computer science	Batch 2
39	Gayatri Inamdar	Computer science	Batch 2

Session Photos : As Geo-Tag photos was not taken. Normal photos are attached.

Outcome

- Students are updated with current Technical topics.
- Trained for presentation skills.
- Are groomed to be Industry ready.

ONE PAGE ACTIVITY REPORT

Academic year:	2020-21
Name of Program:	Importance of IoT and Sensors in Mechanical Engg Projects
Class & Division:	SE, TE, BE (All division)
Name of activity:	Webinar for skill development
Name of activity coordinator:	Dr. Suneeta Phadkule
Name of student coordinator:	-NA
Name and address of Expert/Guest/Industry:	-Dr. Dattatray Waghole
Date of conduction:	20.06.2020
Total beneficiaries:	97 (Faculty & students)
Feedback Analysis	Very Good
CO	-NA
PO	-PO1,PO2,PO5,PO6,PO12
PSO	-PSO2
NBA Criteria	Criteria 9
Outcome of activity	Enhance students skill to match upcoming technologies.

Activity Report:

1. Discuss about list of project competition
2. KPIT Sparkle 2020-2021 event information is provided to the students.
3. Discussion about two IOT application
4. Recent Technologies in engineering field.
5. Explain industry 4.0 information to the students.
6. Activity details (03): Faculty Coordinator - Dr. Suneeta Phadkule, Speaker - Dr. Dattatray Waghole, Vote of Thanks – Dr. Pradeep A. Patil (HOD Mechanical)

Guest Lecture Report

7st Webinar on "MPSC - To Be or Not To Be" by Ramdas Dound on 01.08.2020

Hello friends,

7th skill development webinar for all branches' students on Saturday 1st Aug at 11.00 am by RamdasDound, on the topic _Civil Services (MPSC & UPSC) - To Be or Not To Be _

As per the students demand, through online feedback, we have included this topic.

This webinar is only for interested students. But even if you are not interested in going to Civil Services, what's harm in getting to know what are opportunities under it and how to prepare for it. How student like Ramdas 2017 pass out, having Bs.C. Agriculture degree reached to Dy. Collector post in June 2020. As compared to other branches, Mech students are exploring this opportunity on a big scale.

Listen to his own wording and his experience may motivate some of you, who are seriously thinking of preparing

for MPSC.

Link of Google meet will be shared at 10.30 am on all groups.

Follow all the rules of webinar.

GA friends,

Highlights of today's webinar by RamdasDound on MPSC - To Be or Not To Be

If you are self motivated or interested, then only think of MPSC career. Do micro-analysis

You can join MPSC class if it is affordable & time manageable. It's gives you direction, but self study must.

Practice mock tests consistently.

Join test series.

Prepare for main exam, it helps for prelim exam. preparation.

Pattern of study for all topics should be Refer questions : Study contents : Again refer questions

Make less use of social media for preparation of MPSC.

Keep plan B ready always.

English & Marathi both languages have weightage.

Minimum 1 year focused study is necessary to before prelim exam.

LO1 : students will be able to do microlevel analysis and take decision of MPSC .

LO2 : Students will be able to decide direction of MPSC prepation

Total 189 students have attended todays webinar.

Guest Lecture Report

8th Webinar on "Preparation for AMVI" by Mr. Mayur Kupade on 09.08.2020

Hello friends,

8th skill development webinar only for Mech students on Saturday 8th Aug at 11.00 am by Mayur Kupade, on the topic _AMVI (Asst. Motor Vehicle Inspector) : preparation _

Selection for AMVI post is through MPSC and only Mech& automobile branch students are eligible for AMVI.

As per the students demand, through online feedback, we have included this topic. This webinar is only for interested students. But even if you are not interested, what's harm in getting to know what are opportunities under it.

Mayur Kupade sir has very good knowledge about this exam, who gets prepared students for this exam.

He was faculty in our deptt for 4 years.

Link of Google meet will be shared at 10.30 am on all groups.

Follow all the rules of webinar.

2010 BE Mech from PVG COET,

2013 ME Mech Design from RSCOE

In Waiting list of 2017 AMVI

- Co writer of 2 books published by Ignite Academy for AMVI exams..

1st book - previous year question papers analysis for AMVI Pre & Mains

2nd book - Most probable 5000+ practice MCQs for AMVI

Contents of today's webinar :

General information about AMVI post.

Quaalification criteria.

Mode of examination

Preliminary and mains.

Preliminary exam subject details.

Mains exam subject details.

Previous years question paper level and it's results

GA friends,

Highlights of today's webinar by MayurKupade on AMVI preparation

 Only Mech& Auto students are eligible for this exam.

 For main paper - questions from following subjects are there.

SOM, TOM, FM, MP, Thermo, H&P, RAC, Automobile are the subjects.

For automobile Engg books by V Ganeshan or Krupal Singh are good.

 Frequency of this exam is after every 3-4 years and you can prepare for it, by working in the industry.

For preparation, students to refer initially a book on MCQs MechEngg by Khurmi Gupta and after that D S Kumar

Students can also refer these books for technical tests for any industry.

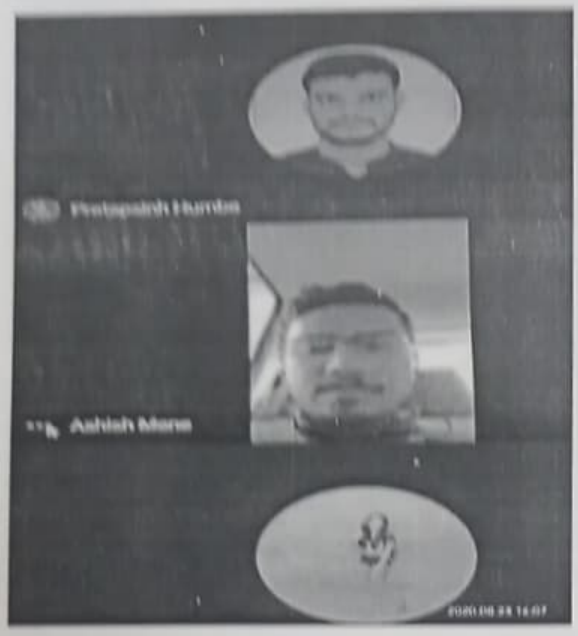
 30 marks Aptitude questions are also there in prelim exam.

LO : students can choose to appear for AMVI exam, whever opportunity will be there and if interested in Govt sector

Total 78 students have attended todays webinar.

Guest Lecture Report

9th Webinar on "Career Opportunities for mechanical engineers in data base" by Mr. Ashish Mane on 23.08.2020



Hello friends,

9th skill development webinar for Mech students on Sunday 23rd Aug at 11.00 am by Ashish Mane, on the topic _Career Opportunity for Mechanical Engineer in Data Science Domain _

It's compulsory for all Mech students to attend this webinar.

Ashish Mane sir is Mechanical Engineer, currently working in Data Science domain. He was faculty in our deptt for 4 years.

Link of Google meet will be shared at 10.30 am on all groups.

Follow all the rules of webinar.

GM friends,

Today's skill development webinar on Opportunity for Mechanical Engineer in Data Science domain is scheduled at 4 pm on Google meet. Pl don't miss it. You will get a very different insight on this topic by Ashish sir, which will make you to think differently. All SE to BE Mech students should attend it.

Link will be shared here half an hr before the scheduled time.

All have to join at 3.50 pm. Keep your notebook and pen with you to write imp points.

GM friends,

Highlights of Y'day's webinar by Ashish Mane on Data Science domain for Mech Engr

- The first step preferred in studying Data Science is to read concepts from any book on Data Based Management, which is also a separate subject for comp and IT.

- Then you can join any courses on data science available on Coursera, you tube etc.

- For MechEngr, it's easy to get into this domain, whose logic is very good and who knows any one programming language preferably Python and SQL data base.

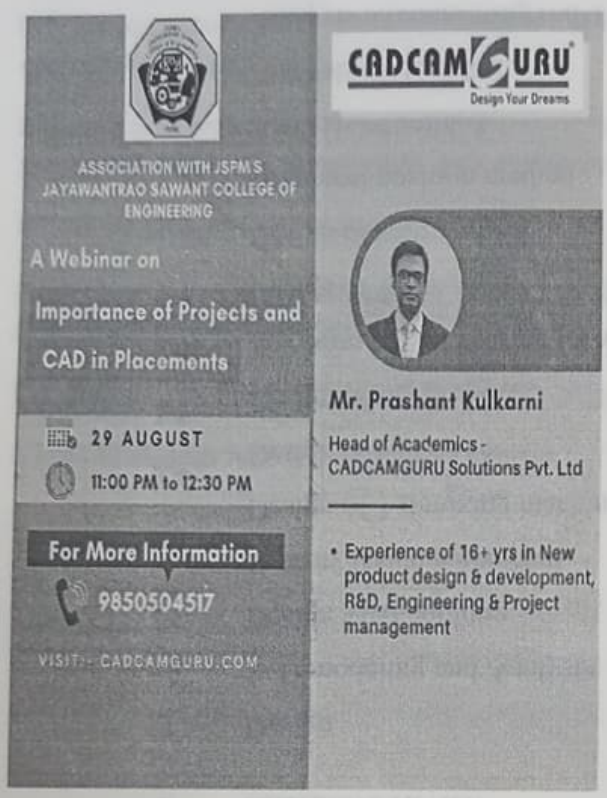
- There are tremendous job opportunities in the data science domain, as AI & machine learning are also a part of data science.

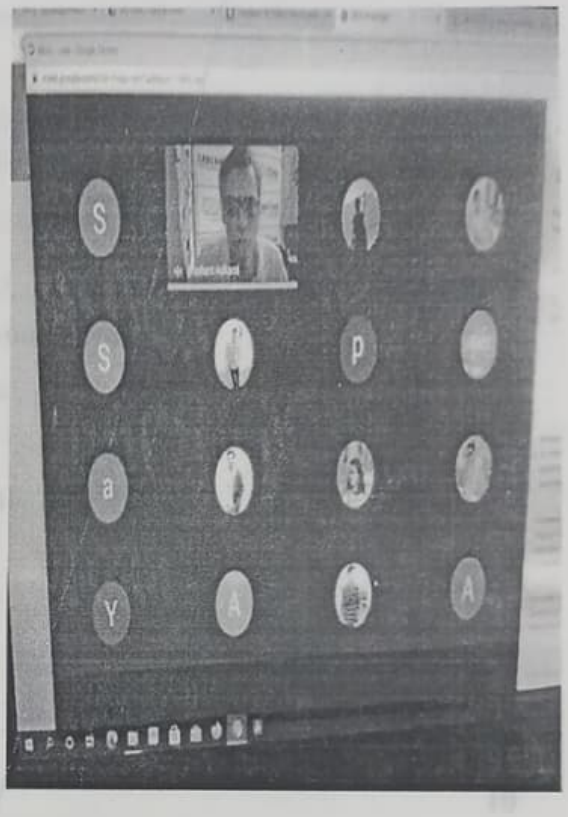
- So it's request to all students, who are interested in this domain, starts doing relevant Coursera courses. This is going to help you to make your career in multidisciplinary upcoming domain of data science

LO: students may fix Data science as their career domain

Guest Lecture Report

10th Webinar on "Importance of Projects and CAD in Placement" by Mr. Prashant Kulkarni on 29.08.2020





Grdy

Hello friends,

10th skill development webinar for Mech students on Saturday 29th Aug at 11.00 am by Mr. Prashant Kulkarni of CAD/CAM Guru on the topic _Importance of Projects and CAD in Placements _

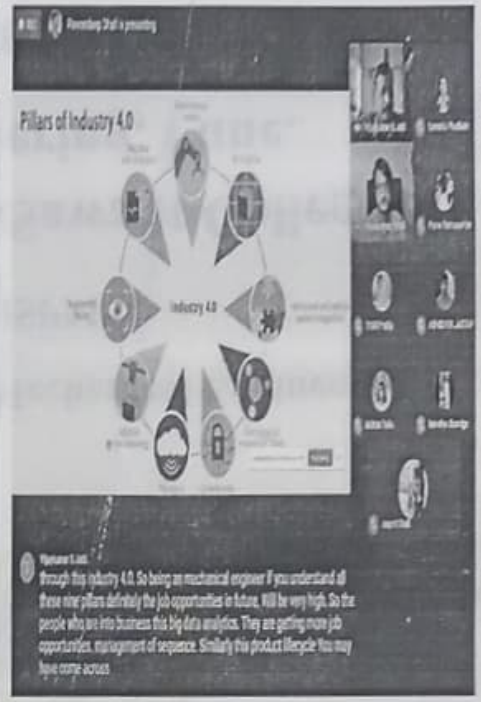
All SE to BE students are requested to attend this webinar to know the importance of CAD and CAM for Mech Engg students necessary for projects and placements.

Link of Google form will be shared tomorrow to register for the said webinar.

Link of Google meet will be shared at 10.30 am on all groups.

Guest Lecture Report

11th Webinar on "3D Printing Technology" by Dr. Vijaykumar Jatti on 05.09.2020



Set

Abstract

As part of skill development webinar series, an 11th webinar, is scheduled on Saturday, 5th Sept. on Additive Manufacturing: A Transformative Approach to Industrial Production by Dr. VijaykumarJatti at 11 am to 12.30 pm on Google meet.

Contents :

- What is Additive Manufacturing?
- How does additive manufacturing works?
- Additive Manufacturing Processes & technology
- Additive Manufacturing Materials
- Additive Manufacturing Applications

Mechanical Engineering Department

D Y Patil College of Engineering Akurdi, Pune

Dear Pawandeep,

Please accept our sincere appreciation for the inspiring webinar,delivered by you to our mechanical students on**"Additive Manufacturing: A Transformative Approach to Industrial Production"** on 05.09.2020. Your expertise in the area, depth of understanding of young minds and your ability to present the subject in such an interesting way, produced one of the most memorable events in our Institute. Our students are very pleased with your valuable inputs and delivery of lecture. They certainly got a very good knowledge of one of the upcoming domain of mechanical engineering.

Thank you for your support, guidance and encouragement you have provided to our students during the lecture. We are also thankful to your guide Dr. Vijaykumar Jatti to motivate you to deliver this webinar.

Our students would definitely like to have further interaction with you in the domain of additive manufacturing.

With warm regards,

SuneetaPhadkule

Vice-Principal – JSCOE, Pune

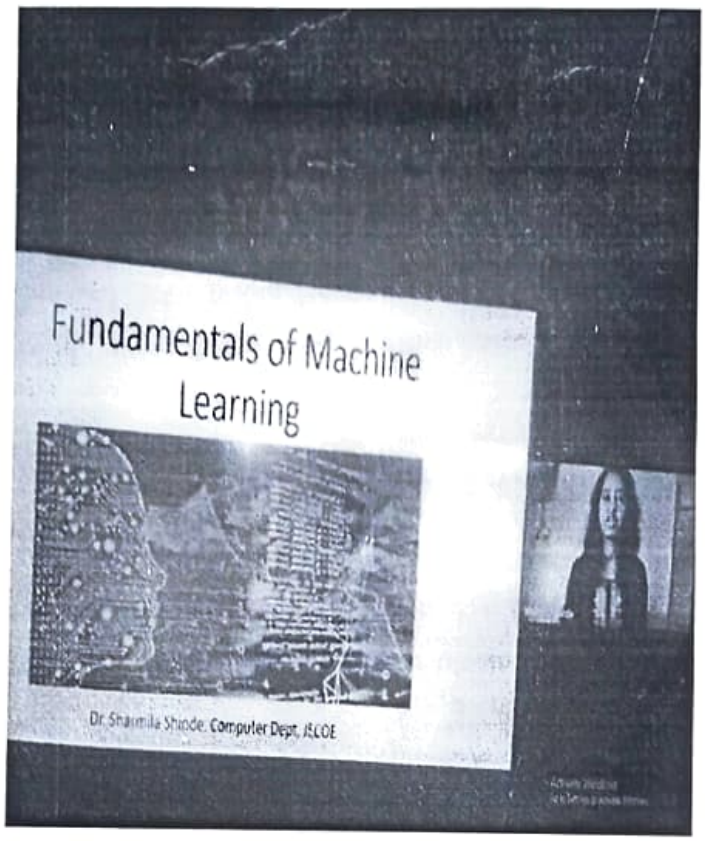
Guest Lecture Report

12th Webinar on "Fundamentals of Machine Learning" by Dr. Sharmila Shinde on 12.09.2020



Abstract:

Hello friends,

12th Skill development webinar will be conducted on Saturday, 12th Sept at 11 am on Fundamentals of Machine Learning by Dr. Sharmila Shinde for all Mech, Electrical and E&TC students of JSCOE.

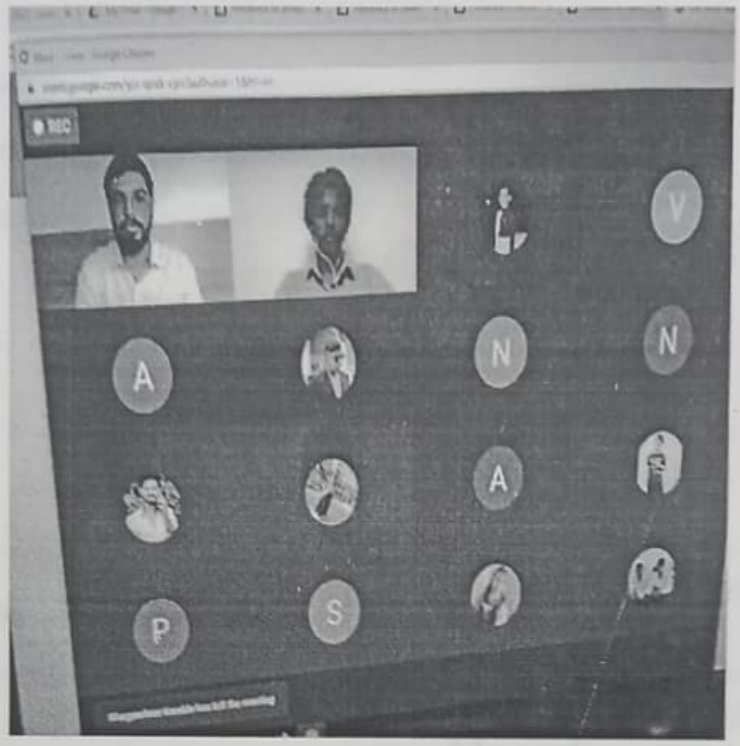
She will be covering very basics of m/c learning, it's applications, it's relation with AI, data science, it's usefulness for other branch students etc.

All are requested to attend it on Google meet.

Mechanical Engineering Department

Guest Lecture Report

13th Webinar on "Career Opportunities in Solar" by Dr. Dadasaheb Shendge on 19.09.2020



Greetings from,

JSPM's Jayawantrao Sawant Collge of Engineering, Pune

Department of Mechanical Engineering.

In Association with

Cerebro Spark Innovations & JSCOE Drone Club

We co-ordinately invite you for a Webinar on: Career Opportunities in Solar

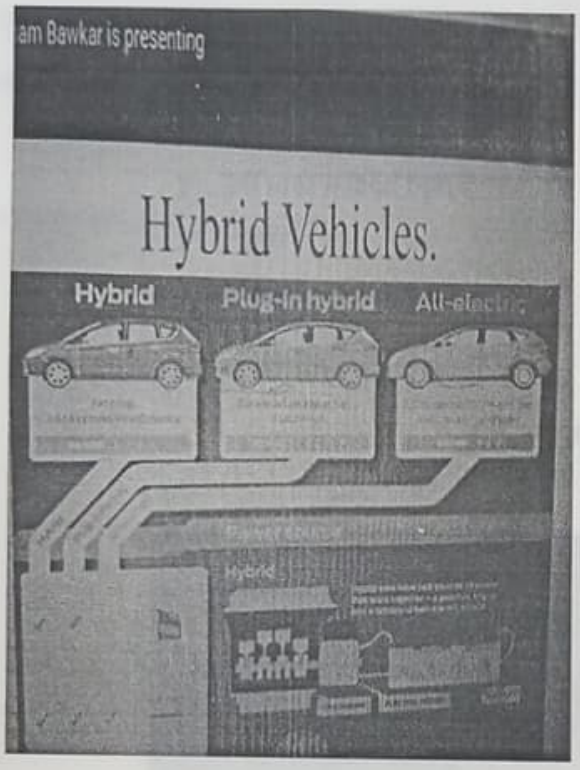
Date: 19 Sept 2020 Time: 11.00 am

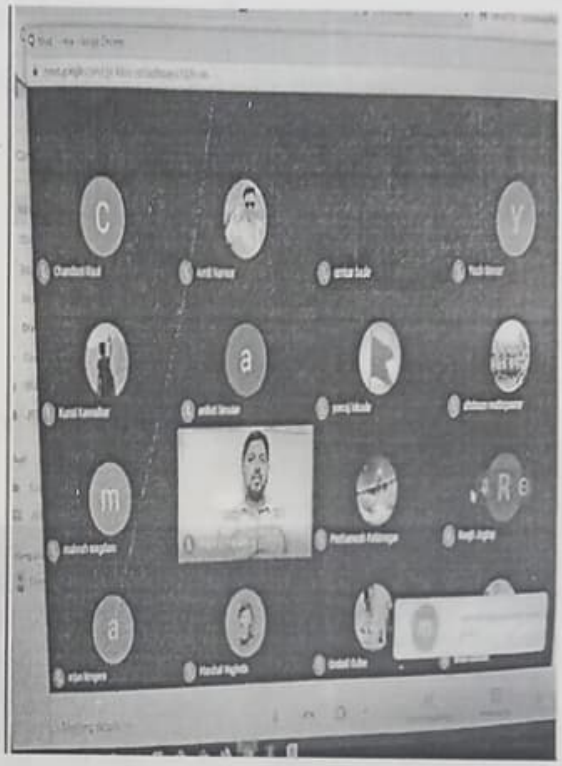
Mode: Google meet

Mechanical Engineering Department

Guest Lecture Report

14th Webinar on "Future of ICE & Hybrid Vehicles" by Mr. Shubham Bawkar on 26.09.2020





GM friends,

As a part of skill development webinar series for mechanical students, we are organising 14th webinar on Future of IC Engines and Hybrid vehicles by our alumni Shubham Bawakar 2017 batch pass out on Saturday, 26th September at 12.30 pm. He has just completed his MS from Czech technical university Prague, Germany in Automotive Engg He will be speaking from Germany.

All the students from SE to BE mechanical are requested to attend this 1 hr webinar. It is going to give you good insight about automotive future in India.

You should attend such skill development webinars to get 360 degree information, which will definitely useful to you for building your career in any domain.

GA friends,

Mechanical Engineering Department

Ing. Shubham Bawkar

Curriculum Vitae

Graduated as a European Master of Automotive Engineering (EMAE) from Czech Technical University in Prague with a CGPA of 2.1

Professional Experience

Name of Employer	Josef Bozek Research Centre for Vehicles of Sustainable Mobility in Prague
Duration	March 2020 – September 2020
Position	Research Intern
Project	Mixture Homogeneity Evaluation for a CNG Port Fuel Injection on a Gas Engine
Name of Employer	Stell Sign Projects Private Limited
Duration	November 2017 – July 2018
Position	Project Engineer
Projects	Beni Suef Combined Cycle Power-Plant 4800 MW (Egypt), Mars International Pvt Ltd (India), Loreal India Pvt Ltd (India), Vikram Solar Limited (India)
Name of Employer	Technomech Private Limited
Duration	September 2017 – November 2017
Position	Project Engineer
Name of Employer	DVA Engineering & Testing Private Limited
Duration	July 2017 – September 2017
Position	Trainee Engineer
Projects	Engine Testing, Design and Development of Electric Vehicle, Prototyping of Metal-Air Battery & Data Acquisition for Battery Performance.

Projects

Name:	**Mixture Homogeneity Evaluation for a CNG Port Fuel Injection on a Gas Engine**
Role	Research Intern. (Master's Project & Thesis)
Description	Conversion of a four-cylinder, 4-stroke diesel engine into a spark ignited CNG engine, design, and assembly of a port fuel injection system for methane injection into individual air inlet ports per cylinder, deciding the fuel injection control and strategy of methane injection & evaluating the mixture homogeneity of the port fuel injection system.
Name:	**Variable Engine Displacement Mechanism (Patent Filled, Patent Application Number: 201721011189.CBR Number:7858**
Role	Team Leader (B.E Final Year Project)
Description	To design a variable displacement mechanism & test performance characteristic an Internal Combustion Engine with a variable displacement facility to switch cubic capacity whenever necessary.
Name:	**GO- KARTING (Kart Design and Fabrication)**
	National Kart Racing Championship. (Season 2 & 3)
Role:	Captain
Responsibilities:	In charge of the Chassis department, Design & Analysis of chassis using CAD/CAE software and design of transmission systems. Manufacturing of kart, transmission calculations & mountings.

Publications

Name	**Variable Engine Displacement Mechanism**
Publication Journal	Global official journal of patent, Application number.201721011189, CBR number 7858, International classification: F02B75/02, F01B9/02

Technical skills and Competence

CAD software's	AutoCAD, NX- CAD, CREO, CATIA & Solidworks
CAE software	ANSYS Workbench and APDL
Simulation software's	MATLAB Simulink, GT Suite (1-D CFD), AVL FIRE™ (3-D CFD)

Interpersonal Skills

- Innovation & Initiator
- Project Planning & Management
- Leadership & Teamwork
- Research, Logical Reasoning & Problem Solving
- Excellent Communication
- Public Speaker

Academic & Co-Curricular Endeavours

- Expert lecture on Internal Combustion Engines & automotive transmission in bachelor's & diploma colleges.
- Organized and headed Trinity Karting Trophy a national level karting championship that took place for the first time in Maharashtra.
- Amongst the topmost rankers in academics (Diploma & SSC).
- Secured 1st place in a national level paper presentation held in Satara. (Automobile Emission Control Systems.)
- Paper presented on World Class Manufacturing held in Gov. Polytechnic Avsari.

Education and Qualification

Title of Qualification Awarded	European Master of Automotive Engineering	Oct 2018 – Sept 2020
Title of Qualification Awarded	Bachelor of Engineering (Mechanical)	July 2014 – July 2017
Title of Qualification Awarded	Diploma in Mechanical Engineering	July 2011 – July 2014

To,

Ing. Shubham Bawkar

Research Intern,

Josef Bozek Research Center for Vehicles in Sustainable Mobility in Prague,
Czech Republic.

Dear Shubham,

Please accept our sincere appreciation for the inspiring webinar, delivered by you to our mechanical students on ***"Future of IC Engines and Hybrid vehicles"*** on 26.09.2020. You have very well explained the ***comparison of future use of ICE, Hybrid Vehicles and Electrical Vehicles***. Also, ***the use of modelling, simulation and analysis software, use of programming language and MATLAB in future vehicles such as autonomous cars*** were highlighted by you in a very effective manner.

Your expertise in the area of Internal Combustion Engines & Simulations, depth of understanding of young minds and your ability to present the subject in such an interesting way, produced one of the most memorable events in our Institute. Our students are very pleased with your valuable inputs and delivery of lecture. They certainly got a very good knowledge of one of the evergreen domain of mechanical engineering.
Thank you for your support, guidance and encouragement you have provided to our students during the lecture.

Ourstudents would definitely like to have more interaction with youin future in the development of Hybrid Vehicles and Autonomous Cars.

With warm regards,

Report forEvent Conducted UnderGirls Club
"Yoga Competition"

Date: 16/01/2020

The Department of Electronics and Telecommunication Engineering organized a programme under "Girls Club" for E&TC students. The program was scheduled on 15/01/2020. The main objective of Yoga Competition is to enable the student to have good health, possess emotional stability, integrate moral values&attain higher level of consciousness.

During the competition, all teaching staff, SE & TE students were actively participated.Before competition, all class coordinators were encouraged to all participants by giving the guidelines of Yoga& importance of Yoga in day to day life.

After completion of yoga competition Dr. C. A. Manjare conducted separate counselling session regarding following points to all girls in B-412:

1. Women safety
2. Self-respect
3. Women's rights- Equality, Dignity, and Freedom from discrimination
4. Carrier Counselling
5. Industrial Training Opportunities

Overall co-ordination was done by Prof. S. M.Hambarde, Prof.P. A. Kalyankar&Prof. S. A. Wakure.

Winners of the competition are

1stPrize:	**Ms. Pooja Talekar SE[A]**
2ndPrize:	**Ms. Diksha Sharma SE [A]**
3rdPrize:	**Mr. Suraj More TE [A]**

Outcome of the Activity:

1. Yoga in Daily Life teaches how to achieve good health, inner peace and harmony.
2. Meditation and spiritual development.
3. Self discipline and self-control.
4. Concentration and higher level of consciousness.

"Effective Communication using Power Phrases and How to overcome Stage Fear"

The JSPMs JSCOE, Department of Electronics and Telecommunication Engineering organized a webinar on "**Effective Communication using Power Phrases and How to overcome Stage Fear**" on 11th July 2020. **Mr. Abrar Ahmed Hafiz**, Quality Manager at Flex, was invited as a resource person for webinar.

The session starts with welcome note by **Prof. Tanuja Zende. Dr. R. D. Kanphade , Principal** Addressed to participants. Head of the E&TC department **Dr. C. A. Manjare** guided participants to improve communication skills using power phrases and reduce stage fear so students can get a good job.

In webinar Mr. Abrar sir discussed on types of communication skills and that can be improved by using power phrases. Some power phases he has explained in details also suggested and shared two reference books for preparation of interview. Most of students having technical knowledge but due to stage fear students couldn't speak; he has explored how to reduce this fear. He has suggested whenever you will get any opportunity to speak without any fear.

Total 148 students, Faculty members from other college and state also participated in this webinar. After question answer session, vote of thanks given by Prof. Varsha Patil to Mr. Abrar Ahmed Hafiz for his informative session.

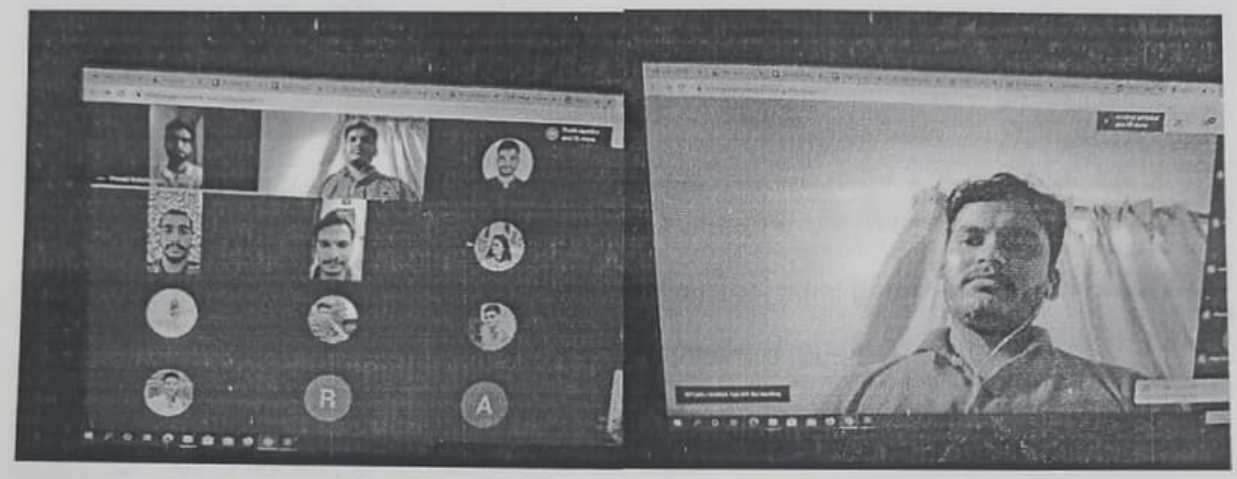
1st Webinar on "Importance of IoT and Sensors in Mechanical Engg Projects" by Dr. Datta Waghole on 20.06.2020



Hello friends,

For the overall development of the students, we are starting skill development webinar series on every Saturday at 11 am to 12.30 pm for Mech students. This will definitely make your resume strong and will help you to get good campus placement in your final year.

So as a part of this series, tomorrow we have organised a webinar on the topic Importance of IoT and sensors in MechEngg Projects

by Prof. Dr. Dattatray Waghole sir of our comp dept. and his team.

All are requested to attend the said webinar. At the end Q & A session will be there.

Everybody must follow the protocols of online webinar as mentioned below :

1. Your video must be off and audio must be on mute.

2. You have to log in at 10.50 am.

3. You have to keep notebook and pen with you to note down imp points

4. You can't ask your doubts / queries while webinar is going on. After the webinar, you can ask all in Q & A session.

5. Google meet link will be shared to you at 10.45 am.

6. If somebody found disturbing the speaker, he / she will be immediately removed from session.

List of programs conducted and the number of students enrolled for AY 2021-22

Year	Name of the capacity development and skills enhancement program	Date of implementation (DD-MM-YYYY)	Number of students enrolled	Name of the agencies/consultants involved with contact details (if any)	Is it covers part of Curriculumn(yes /No)	Name of Program

NIPAM

JSCOE/DOEE/AY2021-22/SEMII/IPRWEBINAR/SUMMARY/ DATE: 4.3.2022

Department of Electrical Engineering, JSPM's JSCOE has organized One day Webinar on "IPR Awareness Programme" along with Institution Innovation Council, JSCOE and Mumbai patent office on 02.3.2022 in online mode. Total 260 participants registered (224 students from UG and PG ccurses, 36 Faculties) .

The webinar was inaugurated at the Hands of Dr. P.A. Patil, Incharge Principal, JSPM's JSCOE. Dr. P.A. Patil, gave overview of IIC activities in the college and appealed participants to take full benefit of webinar. Dr. Priya Gokhale introduced the subject Experts for the webinar. Ganesh Chalka , Student Coordinator, anchored the event.

Dr. Ajay Thakur, Assistant Controller of Patent and Design, Patent office, Mumbai gave the introduction about NIPAM activity and appealed participants to take full benefit

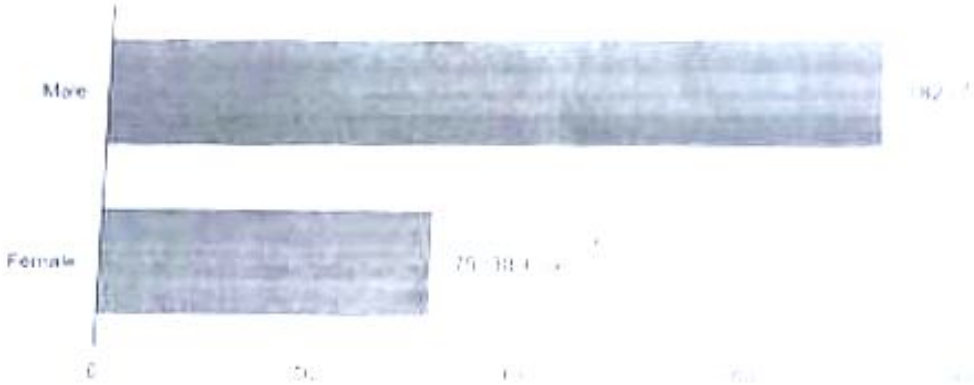
Mr. Amol Patil , Examiner of Patent and Design conducted elaborative session on IPR and clear concepts of all participants regarding how to file patents. All doubts were solved by the subject experts.

Participant details (P.T.O.)

Year of study

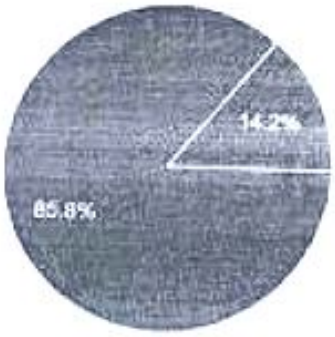
Gender

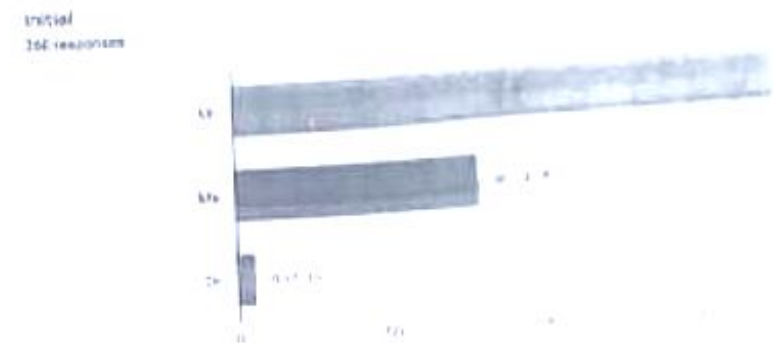
260 responses

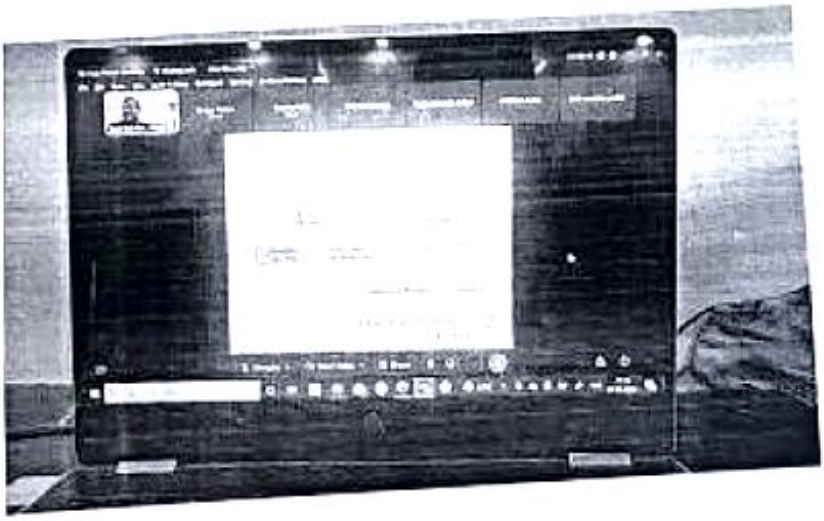


Are You?

260 responses







Quiz was conducted after the session and students gave answers in the webex chatbox

Feedback was collected from participants. Certificate were issued to all participants and institute from Mumbai patent office. Prof. Dr. Priya Gokhale, PRESIDENT IIC JSCOE offered vote of thanks. Prof. Dipanjali Padhi, Ganesh Chalke, student Coordinator took special efforts for the success of this webinar.

Overall The webinar was successfully conducted for IPR awareness and guidance on IPR career opportunities.

Thank you,

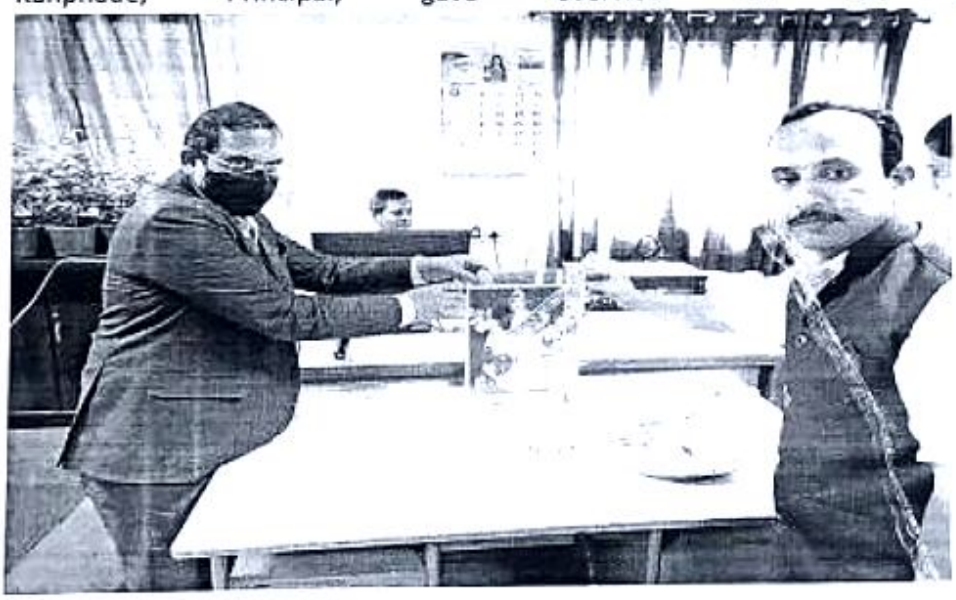
JSCOE/DOEE/AY2021-22/SEMII/EV WORKSHOP/SUMMARY/ DATE: 30.4.2022

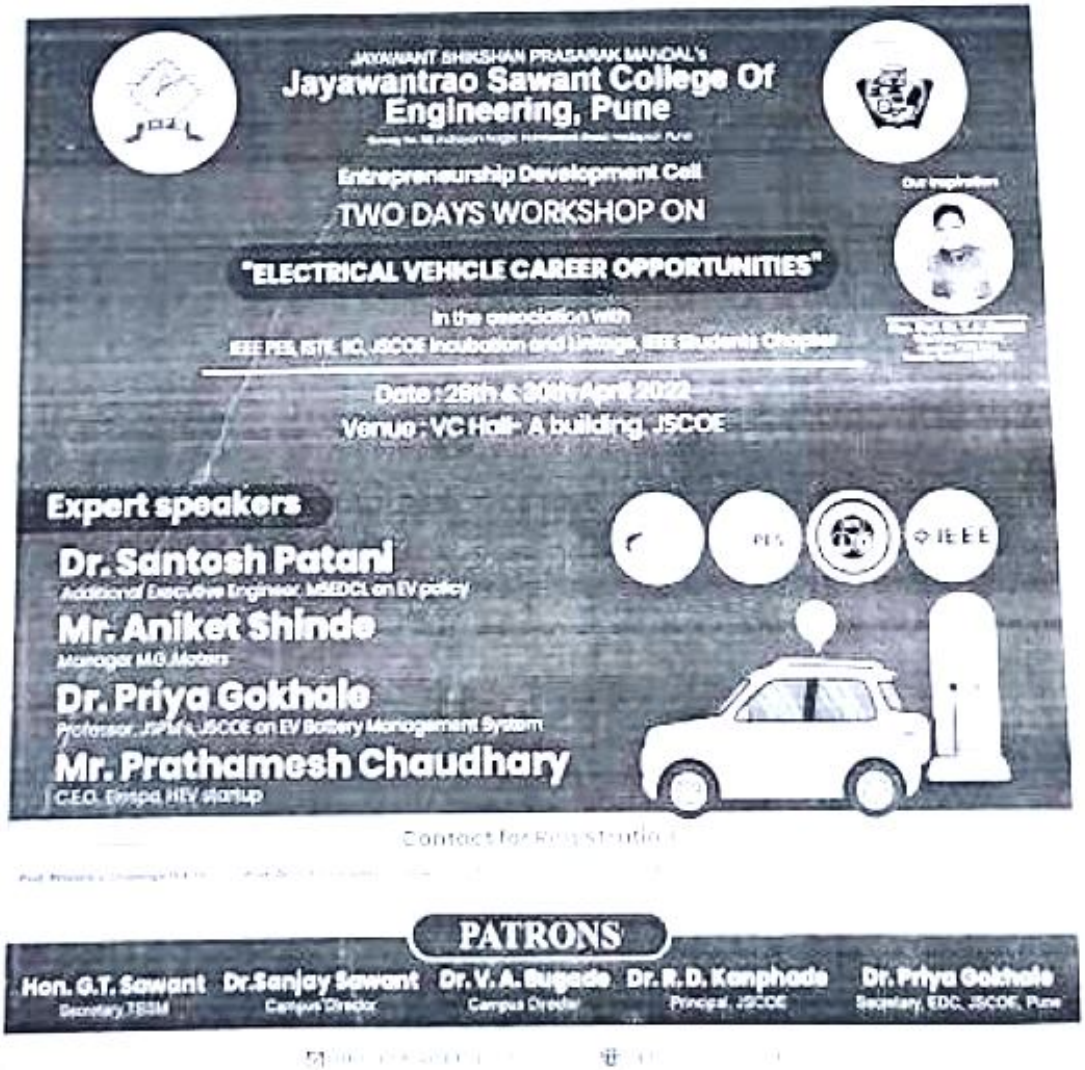
Entrepreneurs Development Cell, JSPM's JSCOE has organized Two Days Workshop on "Electric Vehicles-Career Opportunities" in association with IEEE Power and Energy Society(PES), ISET and Institution Innovation Council, JSCOE(IIC)(Ministry of HRD, Govt. of India) on 29.4.22 and 30.4.22 in offline mode. Total 54 participants registered from UG courses.

The workshop was inaugurated at the Hands of Dr. R.D. Kanphade, Principal, JSPM's JSCOE. . Dr. R.D. Kanphade , organising chairman and Principal, JSCOE felicitated the dignitaries on the Dias Dr. R. D. Kanphade addressed the participants also stated the future potential of placement and Entrepreneurship in Electric Vehicles domain. Dr. R.D. Kanphade, Principal, gave overview of IIC and EDC



activities in the college and appealed participants to take full benefit of workshop. Prof Tushar Mote. IEEE branch Councillor, addressed on IEEE activities and membership benefits. All HODs, Dean, TPC and the faculty members from the department were present for the workshop Inaugural Function .

- TWO DAYS WORKSHOP on Electric Vehicles career Opportunities
- Arranged by E.D.CELL, JSCOE
- Date: 29.4.22 AND 30.4.22
- Event Coordinator: ALL EDC BRANCH COORDINATORS
- WORKSHOP Resource Person:
- Mr. Aniket Shinde, M.G. Motors on EV Chargers
- Dr. Santosh Patani, MSEDCL on EV Policy
- Dr. Priya Gokhale on Battery Management System
- Prathamesh Chaudhari ,Session on Patent on EV design
- Students benefited: 54



Following sessions were arranged in this EV workshop

1) Dr. S.R. Patani- E Vehicle Policy and MSEDCL Initiatives
2) Dr. P.N. Gokhale- Battery Management System
3) Mr. Prathamesh Choudhary, HEV ELESPA, journey of start up
4) Visit to PMPML Bhekrainagar Charging Station of Olectra E bus on 30.4.2022
5) Mr. Aniket Shinde, Manager M.G. Motors on EV Chargers

Students were enlightened with various aspects of EV in two wheelers, three wheelers, four wheelers and E buses like, battery sizing, electric motors selection, charging technology and market scenario. All sessions were well received by students especially students got exposure to learn the practical EV charging and other aspects at Bhekrainagar PMPML E bus charging station

Our JSPM's JSCOE Student Prathamesh Choudhary Conducted an informative session on How to Convert Existing Vehicle into Hybrid Elecctric Vehicle (HEV) He has also motivated the students to do grab the opportunity and make their career in EV Industry.

Student Kiran Kadnor T.E. Electrical, Nikita Bhosale, T.E ENTC, expressed the key takeaway from the workshop and suggested to continue this activity for future batches also. Learning experience in EV was appreciated by all students and invited guests.

Feedback was collected online, 45 responses received till date and some of the glimpses are given below

How would you rate the effectiveness of workshop?

45 responses

How would you rate the coverage of the topics in the workshop ?

45 responses

Overall did you find the workshop useful and interactive

45 responses

Suggestions received from students

All session are good
Arrange this type of work shops... because it is most useful
No....
Suggested for next time
The session is very useful and motivational
-
Good session
Worth workshop
Please bring more workshops like this
The session was so good and informative
Arrange also workshop other than EV

Certificate Distribution:

certificates were distributed to Participants. Learning experience was appreciated by all participants, faculties, research fellows and industry professionals who attended the Webinar.

Prof. Soniya Dhotre,IT EDC branch coordinator, JSCOE offered vote of thanks. Prof. Manisha Nalawade, Prof. Dr. S. B. Choudhary , Prof. Priyanka Ghatage and Prof. Revati Rautrao , took special efforts for the success of this workshop.

Overall The workshop was successfully conducted for EV awareness and guidance on EV career and business opportunities.

Thank you,

Q & A Session

Question and Answer session was conducted and Dr. S. M. Bakre answered all questions in elaborative way. Scripting from chat box is reproduced, which shows students interest in the topic.

12:33:51 From dipanjali padhi : Please type queries in chat box it will be answered at end

13:04:42 From Nidhi Mishra : very informative session Sir. Thank you very much.

13:05:21 From anil bodhe : thank you sir

13:05:31 From Geeta Velhal : Very good session!

13:06:00 From Mohite Sahil : which type of ML algorithm will give high accuracy in faults calculation? Matlab Or python which is good?

13:06:21 From dipanjali padhi : https://docs.google.com/forms/d/1RAjfYsmkL3r3XLWCBi7Qh49p7ZIOPBiDhNeltCGKT8c/edit?usp=sharing

13:06:34 From Sathish Raja : Good afternoon sir, Tell me How to fix a research problem in LFC today scenario.

13:06:41 From dipanjali padhi : feedback link https://docs.google.com/forms/d/1RAjfYsmkL3r3XLWCBi7Qh49p7ZIOPBiDhNeltCGKT8c/edit?usp=sharing

13:08:13 From Mohite Sahil : Sir which algorithm is good, I have planned for SVM

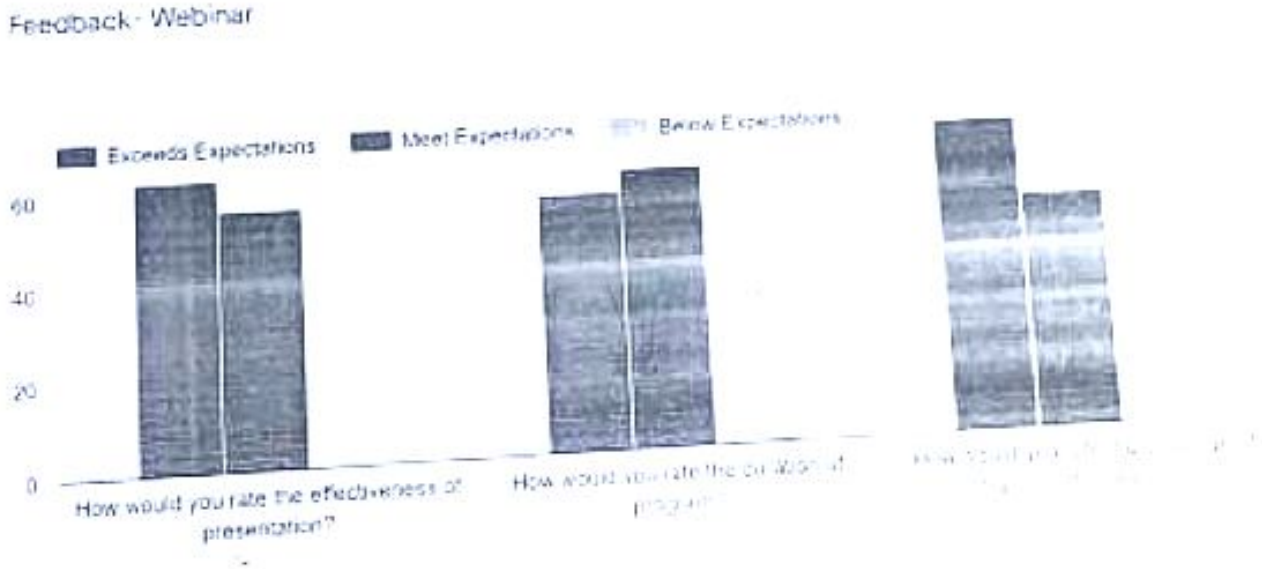
13:08:37 From Sathish Raja : Thank you sir.

13:08:47 From Mohite Sahil : ok Thanks sir

Feedback Summery:

Participants Feedback was collected online (113 participants have given the feedback till date). participants expressed the key takeaway from the workshop and suggested to continue this activity for future batches also.

Feedback Summary: 339 Participants have offered following Feedback to questions in online mode.



Any Suggestions (received from Participants)

Very informative session got some interest in data analytics
Very useful webinar, Increase our knowledge about Artificial Intelligence
Please conduct more webinar like this
Pls share video.
Please keep arranging such informative sessions

E Certificate Distribution:

E certificates were distributed to Participants on their Registered email id. Learning experience was appreciated by all participants, faculties, research fellows and industry professionals who attended the Webinar.

Prof. Dr.Priya Gokhale, JSCOE offered vote of thanks. Prof. Dipanjali Padhi, Prof. M.K Deshkar , Prof. T.S. Mote took special efforts for the success of this webinar.

Overall The webinar was successfully conducted for EV awareness and guidance on EV career and business opportunities.

Thank you,

Q & A Session

Question and Answer session was conducted and Mr. Aniket Shinde answered all questions in elaborative way. Scripting from chat box is reproduced, which shows students interest in the topic.

12:05:03 From 14_shraddha gund : Thank you sir. very informative session

12:15:25 From Prathamesh S R : Sir, if we reduce charging time it reduces battery life then it is feasible to use it?

12:20:20 From Rushikesh Galange : Apart from lithium batteries, Can we use Sodium batteries, and how much effective it will be..??

12:28:38 From Aniket SHINDE : email me on evsawari@gmail.com

12:28:51 From Aniket SHINDE : like our page on www.facebook.com/evsawari

12:29:07 From Aniket SHINDE : to get latest updates ,links for course ,new technology

12:36:15 From Dr.Priya Gokhale : Participants are requested to type questions in chat box. they will be answered in QA session

12:56:03 From Prathamesh S R : Sir, if we reduce charging time it reduces battery life then it is feasible to use it?

to aniket sir

12:58:08 From 76 Yashraj Tamboli : can we give wireless charging to EV

12:59:36 From Niket : Costs of EV's are Likely to high as Compared to Normal IC Engine Vehicles what are the Factors we can focus to Reduce it to Normal EV Scale,to Aniket Sir

13:00:02 From 76 Yashraj Tamboli : can wireless charging affect on parameters like charging time and battery efficiency

13:01:32 From Prathamesh S R : if you can tell , how to do PG diploma in EV

13:01:32 From Kanha Bhajipale : are there any new innovations or technologies to increase the regeneration efficiency of motors?

13:01:59 From Prathamesh Choudhary : In future all will have EV's but it will increase the load on Electric Grid. (V2G)

What is the solution for this ?

13:02:49 From Prathamesh S R : if you can tell , how to do PG diploma in EV

13:03:09 From Prathamesh Choudhary to Dr.Priya Gokhale(Direct Message) : In future all will have EV's but it will increase the load on Electric Grid. (V2G)

What is the solution for this ?

13:03:18 From Vaibhav Dhake to Dr.Priya Gokhale(Direct Message) : Mail me vaidhake98@gmail.com

13:03:29 From Vaibhav Dhake to Dr.Priya Gokhale(Direct Message) : contact 8408808515

13:04:23 From Rucha P : In 2015,India generated electricity of around 1000 TWh mainly from burning coal,fuel gas which is not eco friendly... how the problem can be solved for EV charging??

13:05:22 From 76 Yashraj Tamboli : there is another alternative of supercapacitor because they are so costly

13:05:30 From Vaibhav Dhake to Dr.Priya Gokhale(Direct Message) : use of renewable resources like solar wind for EV charging

13:06:11 From Prathamesh Choudhary : Prathamesh Choudhary

Founder and CEO of ELESPA HEV ⚡

7498378219

prathameshchoudhary10@gmail.com

13:06:11 From Tushar Ithape : yes

13:06:16 From Vaibhav Dhake : Mail me vaidhake98@gmail.com

13:06:27 From Vaibhav Dhake : Contact 8408808515

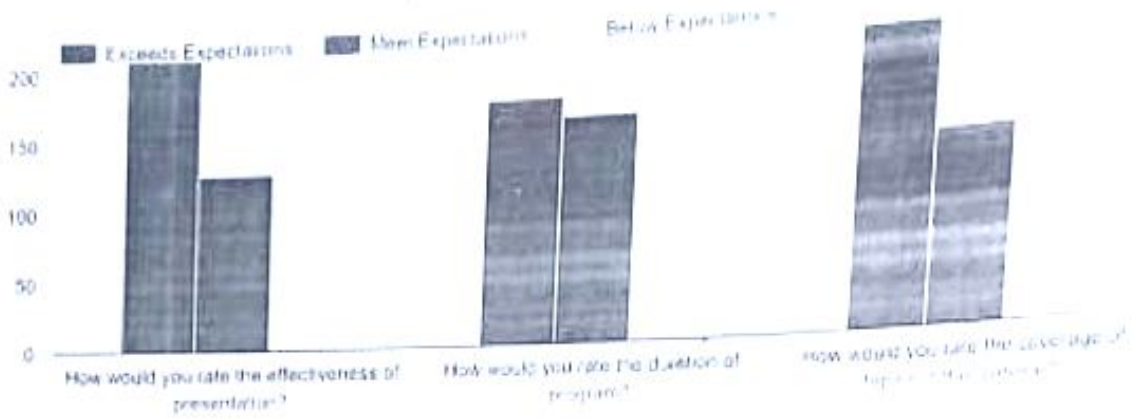
13:06:29 From Prathamesh S R : ok thank you

Feedback Summery:

Participants Feedback was collected online (339 participants have given the feedback), participants expressed the key takeaway from the workshop and suggested to continue this activity for future batches also.

Feedback Summary: 339 Participants have offered following Feedback to questions in online mode.

Feedback - Webinar



Overall did you find the webinar useful and interactive?

Any Suggestions

EV Webinar has conducted very interactive, useful, beautifully.
Great webinar had much fun and got a lot of knowledge.
Very nice webinar
Please keep arranging such informative sessions

E Certificate Distribution:

E certificates were distributed to Participants on their Registered email id. Learning experience was appreciated by all participants, faculties, research fellows and industry professionals who attended the Webinar.

JSCOE/AY2021-22/SEMII/Gender Equality and Women Empowerment/SUMMARY/

DATE: 09/03/2022

JSPM's Jayawantrao Sawant College of Engineering, Hadapsar, Pune has organized webinar on " Gender Equality and Women Empowerment" on March 09 , 2022 on the occasion of Women's Day. Event has been sponsored by WIE AG, IEEE JSCOE Students Branch, IEEE Pune Section, and NSS , JSCOE, Pune and SPPU, Pune.

Total 200 Girl participants registered (200 students from UG and PG courses, 35 ladies Faculties and Others)from JSCOE all engineering branches, MBA, MCA.

Eminent Speakers :

1. Dr A.A Dandwate, H O D Computer Department , JSCOE
2. Dr Priya Gokhale, Dean R&D, Secretary WIE, AG, IEEE, Pune Section.

Audience

a. FE,SE, TE BE, all branches Girl students.
b. MCA girl students.
c. Ladies Faculties and supporting staff

Insights of webinar :

1. Insights on Gender Equality.
2. Example of Great Author and philosopher Mrs Sudha Murthy given for motivation of students.
3. Importance of Economic Empowerment Of women.
4. Role of education in women life
5. Challenge for maintaining the balance between professional, social, political and personal life of a women

Event Hosts :

1. Prof. Dr.P.N.Gokhale ,Dean R&D, Secretary WIE AG IEEE, Event Coordinator .
2. Dr. A A Dandavate ,HOD , Computer Engineering, JSCOE.
3. Ms.Diksha Sharma ,Chairperson , IEEE student branch.
4. Prof. Smita Upendra Gumaste (Comp) , Media and Publicity Coordinator.
5. Prof Suvarna Pawar (MECH) feedback coordinator

6. Prof A B Gawand ,NSS Coordinator
7. Prof. Tushar Mote , Counsellor JSCOE IEEE student branch
8. **Prof. Sarika Khirsagar(MCA), V.C. Hall coordination**
9. **Prof. D. Padhi(Electrical), Show flow preparation**
10. **Prof. Suvarna Wakure, (ENTC),Participants Attendance**
11. Dr. R.D.Kanphade , Principal,JSPM's JSCOE.
12. Dr. S.K.Sawant ,Campus Director,JSPM,Hadapsar

Venue A Building, V. C. hall :
