Overview of the program

Guest lecture on Career Guidance for BE Computer Students by TPC

Coordinator Prof. Vrushali Kondalkar

Inauguration of Meeting by the hands of Prof. Vrushali Kondalkar and Dr Aarti Dandwate were present during the inauguration of the Meeting.

Prof. Vrushali Kondalkar has said about the importance of aptitude preparation for the campus placement. She advised students for preparing aptitude by different ways like gaining the knowledge through video tutorials, Career ride site. She also emphasized on maintaining regular attendance in Training Session conducted by department and whenever students join any new course like, Coding languages, do it in full capacity. Student should able to solve problems on website of every company like, TCS, Capgemini etc. She also highlighted to work on their Personality Growth, Interpersonal Relationships, Communication Skills, Interview Skills, and Presentation Skills to assist themselves in their overall development.

At the end of the Meeting, Vote of thanks was given by Dr. Aarti Dandawate. This meeting is organized by Training and Placement Coordinator of Computer Engineering Department.

A REPORT
ON
Expert guidance on Group discussion related to company drives

Inauguration and felicitation of Mrs. Madhavi Kale. by the hands of Dr. C.A.Manjare.

Mrs. Madhavi Kale said the intention behind facilitating a group discussion is to evaluate every candidate, check their persuasive skills, knowledge of the related subject, communication skills and most importantly their capability to structure arguments through logic, reason and factual information. Thus, if you are graduating from college soon and taking part in placement drives, i have enlisted all the commonly asked GD topics for the placement you must prepare to ace your Group Discussion and land your dream job.

List of GD Topics for Placement

You can expect any topic when you are appearing for a group discussion. It is always tricky and surprising but most of these ideas relate to current affairs, general knowledge, global politics, great personalities, prevalent ideas and social issues, amongst others. To give you an idea, here we have enlisted some GD topics for placement drives:

1. **New Education Policy in India 2020**
2. How to produce more jobs in rural areas?
3. Open Book Exams – Advantages and Disadvantages
4. Steps to revive the Indian economy
5. Do deadlines negatively impact creativity?
6. **Work From Home** – Advantages and Disadvantages
7. Abrogation of **Article 370**
8. India – China Border Clash in Ladakh
9. Electric Vehicles in India
10. **Higher Education in India**
11. **Future of Higher Education in India**
12. India – Russia Relations
13. Is **Artificial Intelligence** replacing human requirements?
14. **Difference Between Democracy and Dictatorship**
15. Women in the Workspace
16. Cryptocurrency
17. **Digital India**
18. Mental Health in India
19. Same-Sex Marriages in India – Progressive Thinking or Threat to Indian Culture?
20. Impact of #MeToo
21. Future Post Covid-19
22. Is Social Media killing our creativity?
23. Should Censorship on Movies in India be Made Obsolete?

JSPM's
Jayawantrao Sawant College of Engineering, Hadapsar, Pune-28
Department of Electronics and Telecommunication Engineering

24. Impact of **Online Education** during Covid-19 Pandemic
25. Can India Get a Permanent Seat at UNSC?
26. Cashless Economy – A Success or Failure?
27. Lack of Work and Life Balance in the Present Times

Why Group Discussion?

While making decisions for admission to prestigious programs, Group Discussions are conducted. But often the question 'Why Group Discussion?' comes to mind. Following are some reasons how GDs help in understanding the potential of candidates:

1. Group Discussions are meant to highlight the leadership qualities of a person. It shows that one has the ability to listen, think and speak your mind effectively.
2. It helps in showing your confidence when presenting your thought and opinions.
3. An exchange of ideas in a group setting helps bring forth the qualities of teamwork. In a professional setting, there is a need for people to work together as teams. For selections, GDs highlight this quality in candidates.

At the end of program, vote of thanks was given by Prof.D.G.Ingale. This program was organized by TPC,E&TC department.

**Overview of the Expert Session
Expert Session on "Career Guidance" for BE IT students by TPC**

Prof. A. K. Gupta, TPC has guided students for the upcoming drives. For the batch the drives are organized by all companies in fully online mode due to pandemic situation. The real challenge is to resolve the technical issues remotely for the students during registration phase as well as actual online drive. TPC has informed students to keep their devices/laptop ready with proper set up for camera and audio since tests will be proctored.

Students had raised many queries since it was a new experience for them too. For the students who were in small villages in their native place, network range was biggest hurdle. So, TPC has given replies as per the queries.

Overview of the Program

Guest Lecture on “Web Development” TE Computer Students (Batch2021-22)

Inauguration of meeting by the hands Prof.Vrushali Kondhalkar & Dr. Aarti Dandawate and Prof Chaudhari Sir were present during the inauguration of the meeting.

Prof.Vrushali Kondhalkar had said about scope of web development encompasses all related development activities, such as client-side scripting, server-side scripting, server and network security settings, e-commerce development, and content management system (CMS) development, in addition to web markup and code

She also explained web development skills which are in high demand and pay well all across the world, making it a fantastic career choice. It is one of the most easily accessible higher-paying fields because it does not require a typical university degree. To master your skills, you can also take up free web development courses where you will get free online certificate. She also explained overall training required for placement for all types of domain

At the end of program, vote of thanks was given by Prof Chaudhari Sir . This meeting is organized by Training & Placement Coordinator of computer department.

Overview of the Expert Session
Expert Session on "Career Guidance" for BE IT students by Dean Placement

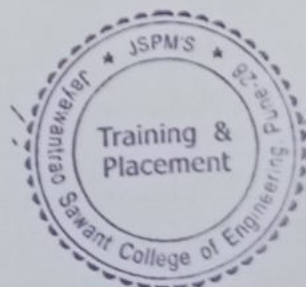

Dr. S. V. Todkari, Dean Placement has guided students for the preparation of campus drives that are going to be held in online mode due to pandemic situation. He explained examples of previous batch students who were first to face online drives. The real challenge is to resolve the technical issues remotely for the students during registration phase as well as actual online drive. He told students to keep their laptops ready with proper set up for camera and audio since tests will be proctored.

For the students who were in small villages in their native place, network range was biggest hurdle. So, he has given replies to the students as per the queries raised by individual student.
