About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Reading Skills	Level	Your Performance
Reading	High	<p>Test takers who receive a score at the HIGH level, as you did, typically understand academic texts in English that require a wide range of reading abilities regardless of the difficulty of the texts.</p> <p>Test takers who score at the HIGH level, typically</p> <ul style="list-style-type: none"> • have a very good command of academic vocabulary and grammatical structure; • can understand and connect information, make appropriate inferences, and synthesize ideas, even when the text is conceptually dense and the language is complex; • can recognize the expository organization of a text and the role that specific information serves within the larger text, even when the text is conceptually dense; and • can abstract major ideas from a text, even when the text is conceptually dense and contains complex language.
Listening Skills	Level	Your Performance
Listening	Intermediate	<p>Test takers who receive a score at the INTERMEDIATE level, as you did, typically understand conversations and lectures in English that present a wide range of listening demands. These demands can include difficult vocabulary (uncommon terms or colloquial or figurative language), complex grammatical structures, and/or abstract or complex ideas. However, lectures and conversations that require the listener to make sense of unexpected or seemingly contradictory information may present some difficulty.</p> <p>When listening to conversations and lectures like these, test takers at the INTERMEDIATE level typically can</p> <ul style="list-style-type: none"> • understand explicitly stated main ideas and important details, especially if they are reinforced, but may have difficulty understanding main ideas that must be inferred or important details that are not reinforced; • understand how information is being used (for example, to provide support or describe a step in a complex process); • recognize how pieces of information are connected (for example, in a cause-and-effect relationship); • understand, though perhaps not consistently, ways that speakers use language for purposes other than to give information (for example, to emphasize a point, express agreement or disagreement, or convey intentions indirectly); and • synthesize information from adjacent parts of a lecture or conversation and make correct inferences on the basis of that information, but may have difficulty synthesizing information from separate parts of a lecture or conversation.

Speaking Skills	Level*	Your Performance
Speaking about Familiar Topics	Good	Your responses indicate an ability to communicate your personal experiences and opinions effectively in English. Overall, your speech is clear and fluent. Your use of vocabulary and grammar is effective with only minor errors. Your ideas are generally well developed and expressed coherently.
Speaking about Campus Situation	Fair	Your responses demonstrate an ability to speak in English about reading material and experiences typically encountered by university students. You are able to convey relevant information about conversations, newspaper articles, and campus bulletins; however, some details are missing or inaccurate. Limitations of grammar, vocabulary, and pronunciation at times cause difficulty for the listener. However, they do not seriously interfere with overall communication.
Speaking about Academic Course Content	Good	Your responses demonstrate an ability to communicate effectively in English about academic topics typical of first-year university studies. Your speech is mostly clear and fluent. You are able to use appropriate vocabulary and grammar to explain concepts and ideas from reading or lecture material. Dear mr. Dalvi,

I'm very pleased to confirm that you have entered into the employment of the University of Twente. This letter is your formal confirmation of the employment and includes the prevailing terms of employment as well as the agreements which have been reached with you in this respect.

Name : S. DALVI
Date of birth : 9 May 1995

Details of employment

Based on article 2.3 lid 3a of the Collective Labour Agreement for Dutch Universities you have an employment as PhD Candidate/ PhD Student for a definite period as from 1 April 2019 to 1 April 2022.

There are 38 working hours per week, actually you are working 40 hours per week.

The objective of the employment as a Doctoral candidate is further academic training and education, resulting in a doctoral thesis, based on the project description known to you. Thus being a doctoral candidate entails three task elements, i.e. research, training and providing education. For this purpose a training and supervision plan (T&SP) is drawn up. The T&SP should be entered and approved in the doctoral candidate monitoring system within three months after the commencement of your employment.

After 6 till 9 months a qualifier will be held and subsequently an assessment. A positive assessment will result in the continuation of the employment. A negative assessment can, after an improvement period with insufficient result, lead to termination of the employment.

Before you will take the final decision of paying the tuition fee and enrolling yourself in Master of Automotive Engineering, we would like to advice you to rethink and prepare yourself for the following facts:

- You are responsible for the timely submission of visa application.
- You are responsible for the successful completion of the master. CTU in Prague and university of your 2nd year choice will provide you necessary amount of lectures and study material, but the successful passing of all exams will depend on your knowledge only.
- You will stay far from your family and your home country during your studies.
- You will have to survive the cultural shock. You should clearly realize, that with enrolling you in the Master programme, you agree to spend two years in foreign countries with different culture, climate, religion and language.
- During your stay in Czech Republic you should be insured by the Czech insurance company (the costs are approximately 40 Euros/month). During your stay in country of your 2nd year choice you should be insured by the company of this country.

We are sure, that if you will be aware of it, and you will be prepared to these facts, the experience will be enrichment for your whole life. If you will seriously reconsider the mentioned aspects, and you will decide to enrol in the Master of Automotive Engineering we will be looking forward to meet you in Prague, Brest, Arnhem, Chemnitz or Bandung.

Organizing Chairman, GATE 2019
(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_r - S_q) \frac{(M - M_q)}{(M_r - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard

M_q is the qualifying marks for general category candidate in the paper

M_r is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_r = 900$, is the score assigned to M_r

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

at the Heidelberg University of Applied Sciences (SRH Hochschule Heidelberg) on the basis of the following terms and conditions as well as all related rules and regulations.

1. Conclusion of agreement

Upon signing of the agreement, a registration fee is due in the amount of € 1.000. This registration fee is non-refundable, even if the student does not begin studying at the University.

2. Obligations of the University

By giving its confirmation, the University undertakes to reserve a place at the University and to duly educate the student according to the current version of the Landeshochschulgesetz (LHG, law concerning Universities) of the state of Baden-Wuerttemberg, as well as the current Studien- and Prüfungsordnung (SPO, study and examination regulations) in which the major subjects of study of the SRH Hochschule Heidelberg are particularly considered.

3. Obligations of the student

- a) The student shall pay the following:
 - 1) A one-time registration fee of **€ 1.000** (according to paragraph 1).
 - 2) The whole study fees of € 13860,00 have to be paid in advance. The tuition fees are taken from the university's scale of charges and are due for payment from the point of initial registration. The tuition fees are calculated as a monthly average of the total cost of the study programme from registration until graduation (regarding the prescribed length of study).
- b) The student agrees to pay the whole study fees for the prescribed length of study in advance. At the end of this period the prolongation of enrolment will be charged in advance per semester.
- c) The student agrees to promptly inform the SRH University Heidelberg of any change of contact data such as address or phone number.
- d) The student is obligated to comply with the study and examination regulations of the SRH University Heidelberg. The student is obligated to regularly take note of official announcements, including those delivered in electronic form as e-mail.

4. Duration of the agreement

- a) The study agreement is concluded for the duration of the standard period of study pursuant to the study and examination regulations. The obligations of the student during the period of the agreement shall not be altered if studies are not begun or in case of absence from classes at a later point in time; in particular, the student's financial obligation shall not be altered.
- b) A leave of absence from a student's studies may be granted in exceptional cases upon request pursuant to §61, paragraph 1 of LHG. A leave of absence can occur only until the end of the semester. During the period of leave, payment of tuition fees shall be suspended. Thus, participation in any form of tuition or examination is not permitted while on leave. To this extent, the current valid version of the Zulassungs- und Immatrikulationsordnung (regulations governing acceptance and enrolment) of the University of Applied Sciences Heidelberg shall be applicable. The prolongation of enrolment will be charged in advance per semester.
- c) Notwithstanding paragraph 4a, the study agreement remains in effect beyond the standard study period if the student remains registered at the SRH University Heidelberg after the normal study period in order to compensate for missed lectures or examinations.

5. Premature termination of agreement

- a) Without prejudice to item 4, the study agreement may be terminated pursuant to §62 LHG within the scope of an exmatriculation procedure either as a result of an application by the student or on the part of the SRH University Heidelberg.
- b) Termination is only possible during the cancellation period. This agreement can be cancelled up to and including the 15th of the month, with effect from the beginning of the following month.
- c) An exceptional termination is only possible with good cause as defined by §626 BGB (German Civil Code). On request, the terminating party shall immediately inform the other party in the agreement of the reason for termination in compliance with the formal requirements stated in §§ 126 - 126 b BGB. **An exceptional**

termination on the part of the SRH University Heidelberg shall be permissible in particular if the student is in default of more than two tuition payments despite two warnings.

- d) The obligation of the SRH University Heidelberg to provide the due education shall be void and justifies a termination on the part of the SRH University Heidelberg pursuant to §626 BGB if the student's further attendance is impossible. This can be assumed, among others, in case of substantial violation of the study and examination regulations and other rules governed by the statutes of the SRH University Heidelberg.
- e) The application of §627 BGB is excluded for both parties in the agreement.

6. Issue of examination and exmatriculation certificates

The issue of examination and exmatriculation certificates occurs on condition that, in compliance with §62, paragraph 5 LHG, the student has paid all due tuition fees and has returned all articles borrowed from the SRH University Heidelberg.

7. Miscellaneous

- a) The location for fulfillment of the mutual commitments is the SRH University Heidelberg campus.
- b) Each provision is separately valid; the partial invalidity of individual provisions shall not affect the validity of the rest of the agreement. Invalid provisions shall be supplementarily construed in such a way that the purpose of the agreement will be achieved as far as possible.
- c) Verbal collateral agreements have not been made. Modifications and amendments to this agreement require written form in order to become effective. This also applies to the cancellation of the written requirement.

If you are a current citizen or permanent resident of the United States, you do not need to complete an I-20. The I-20 F-1 visa process is relevant for most admitted, international students and may be initiated by following the below instructions:Â

- The request process is entirely electronic.
- I-20s may be express mailed after a complete electronic request is submitted and approved (I-20s cannot be sent via email attachment).
- New students who would like to request an I-20 should confirm their enrollment by paying the confirmation of enrollment deposit using the above instructions under the header: **Accept or Decline Your Enrollment**.
- Generally new students who submit a complete electronic request will receive their I-20 within 4-6 weeks of submitting their request.
- Our electronic system is referred to as **myOGS**.
- The name myOGS is derived from the office at Northeastern that serves international students: the Office of Global Services (OGS).
- To use the myOGS system, you must first activate your myNortheastern account using the above instructions.
- To login to the myOGS system, you will use your myNortheasternÂ Username and your myNortheasternÂ Password.
- You will be prompted to upload several documents into the myOGS system to complete the I-20 process.Â

You will need electronic copies of the following:

1. **Color copy**Â of the identity page of your passport
2. Financial documents demonstrating at least \$44,784 USD of support (the amount is different for students who plan to bring their spouse or a dependent with them, or who are admitted to a campus other than Boston). Please ensure that your document meets the following criteria to avoid denial of your request:
 - Dated within 9 months of the program start date
 - Maturity date does not exceed the program start date
 - If fixed deposits: funds must mature before start date orÂ confirm in writing that they may be withdrawn at any time

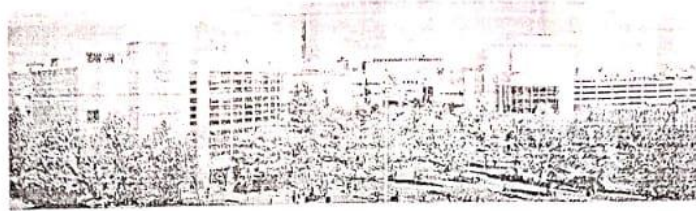

Financial documents and letters of financial support must be printed in English and the names of *sponsors* should be printed and signed in English. You may complete the myOGS process over several sessions.

To begin using the myOGS system, [CLICK HERE](#).

Problems?

If you attempt to use the myOGS system within 48 hours of setting up your myNortheasternÂ account, you may experience technical problems since university systems typically take 1-2 days to update. If 2 days pass after you set up your myNortheasternÂ account, and you experience problems with myOGS, send an email to: help@northeastern.edu for assistance. If you send such email, include the following information in the body of your email: (1) your NUID number (accessible by logging into your myNortheasternÂ account), (2) the link that you are trying to use which is not working/causing problems, (3) a screen shot of the error, and (4) your email address.

Dear Pushpak Fegade

DETAILS OF CONFIRMATION OF ACCEPTANCE FOR STUDIES (CAS)

CAS Number: E4G9GJ5I46C0T6

Thank you for approving your personal and programme details on Applicant Self Service. We have uploaded your information to the UK Visa and Immigration (UKVI) system to produce your CAS. When you apply for your Student Visa you will require this information to help you complete your application.

Additional Fee Payments

Please note that the CAS details below provide an overview of the payments that you have made towards your tuition or accommodation fees up to the date you approved your CAS details. We strongly recommend that you do not make any further payments until you have received your Student Visa. If you must make a payment to meet the visa financial requirements, then we will NOT update your CAS but instead you can include copies of receipts with your visa application. We are unable to make amendments to your CAS to show the additional funds that you have paid, and do not want you to risk a visa refusal.

Start Date, Online Enrolment, Latest Arrival in the UK and CAS Expiry

We expect you to enrol online and travel to Glasgow to commence studies by the Course Start Date outlined in your CAS details.

If you cannot travel for any reason, we require that you:

- Enrol online by our Latest Enrolment Date of 11 October 2021
- Arrive in Glasgow by the Latest Arrival in the UK date in your CAS

Your CAS is valid for 6 months after it is assigned to you. Following this date it will expire and you cannot use it to apply for your visa.

How to Apply for Your Student Visa

More information about applying for a student visa is available at:

Applying inside the UK: <https://www.gla.ac.uk/international/support/visasandimmigration/applyingforastudentvisainsideuk/>

Applying outside the UK: <https://www.gla.ac.uk/international/support/visasandimmigration/applyingforastudentvisaoutsidetheuk/>

Within 10 days of your arrival in the UK, you will have to collect a Biometric Residence Permit (BRP) which will cover the full duration of your studies. When completing your visa application you can request that your BRP is sent to the University of Glasgow for collection by using the University's ACL code (2HE499).
