Dr. Rajendra D. Kanphade
M.E. Ph.D. (Electronics Engg.)
LMISTE, FIETE, SMIEEE
Principal

Institute Distinctiveness 2020-21

JSCOE has very distinctive feature of Collaborative work culture through student's club. Each department has two to three students' clubs which are classified according to various thrust areas. These technical clubs are run successfully by students' body and activities are monitored by faculty coordinator.

Every year students bring innovative ideas on the table which are helpful for society in various fields like agriculture, energy, automation, health etc. These ideas are tested with the help of faculty, alumni and industry expert for feasibility and real time implementation.

The outcome of these clubs are displayed in many exhibitions, project competition and various forums. Many industries have acknowledged the ideas and shown keen interest to provide sponsorship for start-ups and work with collaboration.

The projects/products carried out through student club achieved many awards and cash prizes. Through this initiative, many students also got good job opportunities in reputed industries.
