DEPARTMENT NEWS LETTER
2022-23
COMPUTER ENGINEERING. DEPT.

Vision

"To be a leading educational center grooming computer engineers to serve the society."

Mission

M1: To develop computer professionals by providing quality education.

M2: To assimilate academics, research and entrepreneurship skills to accomplish real world challenges.

Principal Message

It is our endeavor at JSPM to make students learn through involvement and commitment. We believe that quality education it the only way for molding students into successful engineers. Modern technology helps us in efficient learning process. At JSPM, we set up and adopt all available modern methods to see that students learn the fundamentals of the technology they have chosen.

At JSPM we make the learning process like ritual that attracts the students to our institutes. We are totally committed for overall development of student fraternity as we know that they are the only future growth generators of the world.

Principal, JSCOE
Dr. R. D. Kanphade

Head of Department Message

The Department of Computer has recorded consistent improvement in its academic research and placement performance. It offers a range of innovate designed programs whose curricula are constantly updated to meet the changing requirement of the industry and to meet the needs of major Stakeholders.

We believe that our students have been well accepted in their job profiles and have consistently exceeded expectation of the corporate world.

During study at the department are encouraged to take up mini projects to supplement theoretical knowledge with practical experience. They also undertake projects benefiting local industries or dealing with local problems. These projects enable them to understand the relevance of working in a group

Dr. P.D.Lambhate

Project Title :- Multipurpose EV for Farmers
Mentor Name :- Dr. Dattatray Waghole
Team Members :-

- Sakshi Kale
- Siddhi Bhende
- Kiran Bodice
- Ashwini Sali

INTERNATIONAL IDEATHON

" HACK THE INNOVATIVE FUTURE " ' INDO-JAPANESE Collaboration Ideathon
The year 2022 marks the 70th Anniversary of the Establishment of the Diplomatic Relations between Japan and India. The Ideathon was an event that aimed to create opportunities for mutual understanding and exchange between the youth of Japan and India who will lead the next generation, as they travelled 900 km from Delhi to Varanasi.

Through a range of activities along the way, participants gained insight into the differences and similarities between Japan and India in terms of history and culture, while at the same time learning about the challenges and strengths of the two countries and generating ideas for further relationship building.

After reaching the final destination of the Varanasi International Cooperation and Convention Centre (VCC) after around eight days of dynamic interaction, each team made a presentation on a product or service that could solve a specific problem that they had set themselves to address. A total of 10 teams presented their ideas in the final presentation.

Organised By
To celebrate this important Year , " The Steering Committee of 70th Anniversary of the Establishment of Japan - INDIA Diplomatic Relation "
