Our Motivators

Dr. M. G. Jadhav
Principal JSCOE

Knowledge only Liberates and technical education has been the core for the development of society and humanity. Educational Institutions at JSPM are committed for imparting time based and value added quality learning

It is our endeavor at JSPM to make students learn through involvement and commitment. We believe that quality education is the only way for molding students into successful engineers.

Modern technology helps us in efficient learning process. At JSPM, we set up and adopt all available modern methods to see that students learn the fundamentals of the technology they have chosen.

For learning, right environment is required and this is available at all our JSPM campuses.

Apart from classroom teaching and lab works, we believe in overall development of the students. We have adopted the mentor scheme where in each faculty member takes care of fifteen students and has to take the volley of peer group. We emphasis also on presentation skills and innovative projects to be carried out by the students.

At JSPM we make the learning process like ritual that attracts the students to our institutes. We are totally committed for overall development of student fraternity as we know that they are the only future growth generators of the world.

Smeeta Phadkule
Vice-Principal JSCOE

Positive attitude is very important in our life.

What is inside your mind will always comes out, whenever life squeezes us. When some one offends us and if anger pain, fear comes out of us that means our mind is full of negative things. Life may squeeze us in role of our parent, brother, sister, children, boss etc.

Once we take away all this negative thing which we don't want in our life and replace them with love , we find living a highly functional life

Prof. N. G. Padulkar, Head
Electrical Engineering Dept

Electrical Engineering is the largest and most diverse technological field in the world. The Department of Electrical Engineering offers undergraduate Electrical Engineering, one of the Core Engineering Branches. With rapid Industrial growth in the Country the requirement of electrical engineers has tremendously increased in Power Sector and Industries in private, and Government companies. This has resulted in opening of enormous opportunities for graduate Electrical Engineers.

The department has 14 faculty members and about 225 undergraduate students and well equipped laboratories. Our faculty members are experts in the areas they teach. Not only do they provide a solid grounding in the academic theories and concepts of their specialty, they also provide the students challenges facing their discipline. They provide the students the right balance of theory and practice. We emphasize team work to give opportunity to each student to benefit from the ideas and intelligence of their classmates.

Techkmanthan 2K17

Inauguration of poster Competition By Dr. Maldar (Vice Chancellor, Solapur University)

Techmanthan- A National Level Technical Event is celebrated every year in JSPM campus For year 2017 Department has conducted three events:

- Project Competition
- Quiz Competition
- Poster Competition

Students from department had actively participated in the event and made it a grand success.

Inauguration of various activities were done by various dignitaries.

HOD and staff also had actively participated in the event

Antarnad 2K17

Antarnad is a cultural event organised every year by JSPM Managment.

Students from electrical department had actively participated in Antarnad 2K17. Various event such as dance, fashion show etc were arranged at the event.

Inaugration of the event was been done by Hon Principal Dr. Jadhav. All the HOD's and staff were present at the event.

Seminars, Workshop & industrial visit

Special seminar was arranged for students of electrical department for development of entrepreneurship skills among students. EDC cell of JSPM had arranged the seminar for the benefit of student and to motivate them for being a entrepreneur Seminar was attended by students of all years all the staff and HOD were present at the seminar.
